

CITY SEEKING PUBLIC OWNERSHIP OF WATER WORKS PLANT

LITTLE DAMAGE IN OIL FIELDS; WORK HELD UP BY FLOOD

OIL MEN VISIT NORTH TEXAS FIELDS DURING LULL IN OPERATIONS.

BY E. E. SULLIVAN

With all of the drilling rigs shut down on account of the recent storm, operations in the new Minerva pool has been inactive the past ten days. The drilling crews were handicapped in reaching their drills as the east approach of the McCown bridge had been washed away, the drillers were compelled to go the Tracy road to reach Minerva and that road has been in bad condition. This alone has hampered operations. With the bridges repaired now nearly all of the rigs have started drilling again and it is hoped that within the next ten days at least two new producers will be drilled to completion in the new field. The oil men suffered little if any damage from the flood. Many of the oil men took advantage of the lull in drilling and visited other fields to the north, some of them report seeing the 25,000 barrel well of the Western States Oil Corporation, the Duesenburg No. 1 come in at Mexia. Most of the new oil talent is just now being attracted to the field and all seem to be talking of the prospects of a deeper pay being found in the Minerva field, there are rumors of a deep test being drilled here as it is believed that the Woodbine sand lies at a depth between 2800 and 2900 feet here and the larger companies have geologists in the district mapping out a structure. All interest is naturally attracted to the deeper pay and large wells and we are informed through the newspapers daily of new wells being brought in and new territory developed, heaping millions of dollars into the pockets of those parties who are fortunate enough to get a producing well.

Records show that from one to 20 wells have been drilled in all of the counties in west and north Texas now we have production in some five or six of them. These wells were all drilled by independent operators with few exceptions and they are still drilling them using the money derived from their production in the proven territories. The same conditions will exist in this field if the operator who means business is given a fair and square lease or drilling contract for a shallow well or the deeper stuff. The field is just now on the top of the pinnacle and all that is needed to stimulate interest is the bringing in of one or more of the shallow wells for fair pumpers and reasonable contracts to the developer for the drilling of additional wells in the new pool. Just a steady drilling campaign in the Minerva pool will bring money to the farmer for his leases, the merchant and

Continued on Page 8.

Offers Water Supply To Public During "Big Thirst" Here

Joe B. Lindsey of Cameron has authorized the Cameron Herald to say that the public is welcome to the use of his well of water on his place in Hefley Heights.

This well Monday underwent a test by the city officials then in search of some available supply of water in connection with the plans to give Cameron a good water system and pure water. Under a two hour test the well yielded 36,000 gallons of water with no signs of failing.

Mr. Lindsey is actuated by the best neighborly motives in offering the water to the people, but in doing so is safe from the possibilities of a shortage, as will be seen by the production of the well.

"The people are welcome to all the water they want" said Mr. Lindsey. "I have plenty of it and am glad to give my friends and fellow townsmen the benefit of it during the water shortage in Cameron."

Aid of Texas Rangers Asked to Enforce Cattle Dipping Law In Milam County

Texas Rangers will help enforce the tick eradication law in Milam county if a request made by the Commissioners Court is granted by the Livestock Sanitary Commission at Austin.

The Commissioners Court in session last Friday voted to ask the Livestock Sanitary Commission of Texas for the service of two rangers to aid in the enforcement of the tick eradication law in this county. The court also voted to meet all requirements of the Livestock Sanitary Commission if it will lend the aid of the Texas Rangers.

Milam county has been under federal quarantine for more than

a year because of failure on the part of stock owners to dip their cattle in accordance with the law.

In some sections of the county dipping vats have been dynamited and other measures reported taken to obstruct the operation of the tick eradication law.

The county will be released from federal quarantine if the Commissioners court will sign a contract for continuation of the eradication work. It is believed that the contract will be signed as the aid of rangers has been asked, and all indications point to action on the part of authorities to put an end to law violation.

CONTRACT LET FOR LAST LINK OF SAP HIGHWAY IN COUNTY

CONSTRUCTION COST IS \$43,000 AS AWARDED BY COURT HERE THIS WEEK.

Contract has been let for the construction of the last link of the Sap Highway in Milam county between Rockdale and the Lee county line. The contract was awarded to Kirkendall & Shelton of Temple for \$43,000.

The commissioners court in special session this week let numerous contracts for repairs on bridges and roads in the county. J. F. Brown was given the contract for constructing 180 feet of approach to the McCown bridge at a cost of approximately \$1000.

The Bear Creek bridge is not in place and a temporary structure has been built for immediate use, the same being true of a small bridge near the Holtzclaw bridge on Little River. A small bridge on the Gabriel has been authorized and the approach to the Elm Creek bridge near Ben Arnold. Numerous repairs have been authorized in precincts 3 and 4, Rockdale and Thorndale.

The greatest damage reported was in the district of Commissioner Moore and Commissioner Phillips.

Thursday the court will hold a special session to let the contract for salvaging the steel bridge at San Gabriel, also a steel bridge on the Cummins Valley road near the Henry Hale place near Buckholts.

Mrs. J. L. Shabram left Cameron Monday for Kansas City, Mo., for a visit in her old home. She will visit in other northern cities while away. Dr. Shabram, with the federal livestock sanitary commission in Milam county, will join Mrs. Shabram in a few days. He will attend the American Legion convention in Kansas City.

CHRISTIAN CHURCH.

The pastor T. H. Weaver will be in Rockdale Sunday but will preach here the second Sunday in October.

Sunday school at 10 a. m. and prayer service at 7:15 p. m. On October 2nd, graded lessons will be begun in the Sunday school.

COUNTY TAX RATE REDUCED 6 CENTS

The tax rate in Milam county has been reduced 6 cents on the hundred dollar valuation. The rate this year will be 57c. The rate for 1920 was 63 cents.

The state tax rate received by Miss Leila Woolley, tax assessor of Milam county show the state figure to be the same as last year. The county rate was fixed at the July term of court. Delay in receipt of the state rate has caused the tax rolls of the county to be late this year. Miss Woolley has employed extra help and will have the books ready in a very short time.

SCHOOL ENROLLMENT LARGER THAN 1920 REPORTS SHOW

814 PUPILS ATTEND FIRST WEEK AS COMPARED WITH 696 FOR FIRST MONTH IN 1920.

Enrollment in the Cameron schools for the first week of the present term was 814 as compared with 696 for the first month of the 1920 term of school.

This is the largest enrollment in the history of the school. The figures for the two periods are as follows:

First Week 1921.	
Kindergarten	41
Grades	543
High school	230
Total	814
First Month, 1920.	
Grades	477
High school	219
Total	696

The increase in attendance is believed traceable to the improved school facilities with the completion of the Yoe High school. During institute week the various civic societies conducted a go to school campaign and this contributed to the fine attendance during the first week of the school.

Superintendent L. H. Kidd has announced that the night school of the Commercial Department will begin Tuesday night, September 27. All who are interested in attending the night school will please be present on that date and ready for enrollment.

MAY GET WORLD SERIES REPORTS

FANS PLAN LEASING OF SPECIAL WIRE FOR DETAIL REPORT OF BIG SPORT EVENT.

Wire reports covering in detail the World series may be received in Cameron for the fans if plans now under way are realized.

T. A. Pope after talking with a number of the fans is making an effort to cinch the service which will be obtained at a cost of \$20 a day. This service will be handled by Western Union.

Efforts are being made to get the use of one of the local theaters during the series to accommodate the fans. The electric board used last year will not be used this year. Instead complete reading reports will be obtained, giving the game play by play, the same as you would read about it in your favorite afternoon sport edition.

Chances are the world "serious" will attract more than usual interest this year as the races in both leagues are very close. It is hoped the service will be obtained for Cameron.

Mrs. T. Rucker has returned from an extended visit to relatives at Plano.

WILSON WILL CASE BEING TRIED IN DISTRICT COURT

LITIGATION INVOLVING BIG ESTATE ATTRACTING INTEREST IN CAMERON.

Hearing in the contest proceedings of the Lizzie B. Wilson will case was begun in district court Monday. The case was appealed from county court where a verdict in favor of the applicant was rendered.

O. L. Stribbling and S. H. Clayton of Waco with U. S. Hearrell of Cameron are representing H. C. Ledbetter who is contesting the will. Henderson, Kidd & Henderson of Cameron are representing Jeff T. Kemp, applicant.

Monday was consumed in selecting a jury. Attorneys on both sides have submitted as evidence in the case much of the testimony of witnesses in the former hearing. All of which was published in The Herald.

Hearing in the contest proceedings of the will of the late Mrs. Lizzie B. Wilson, was first begun on February 22, 1921, in the county court of Milam county, Judge W. G. Gillis, presiding. Contests of the will was filed by H. C. Ledbetter, brother of deceased, in January of this year. Mrs. Lizzie B. Wilson died January 2, 1921.

The hearing consumed more than a week in the county court during which time more than a score of witnesses were put on the stand. Introduction of six former wills made by the late Mrs. Lizzie B. Wilson, were ordered introduced as material in the case by Judge Gillis at the first hearing after the attorneys for Mr. Ledbetter had convinced the court of their admissibility as material in the case.

Judge Gillis made decision in favor of the applicant for probate and the case was then appealed to the district court where it is now under trial.

Jeff T. Kemp was made executor of the estate under the terms of the last will without bond. Mr. Kemp was also made administrator by order of the court following the first hearing.

Notice of contest filed by H. C. Ledbetter, brother of Mrs. Wilson, alleges that undue influence was brought to bear to secure revision of the former wills in which contestant and other heirs shared more largely in the properties of the estate valued at approximately \$400,000, and that deceased was of unsound mind.

RED CROSS HELPS FLOOD SUFFERERS

MONEY DONATED BY BUSINESS MEN OF CAMERON TO AID IN WORK OF STRICKEN PEOPLE

Already a large number of people have been helped by the Red Cross following the appeal Friday night before the commercial club by Judge W. G. Gillis, county chairman. More than \$300 had been raised by subscription among the business men and citizens of Cameron. The club gave \$50 and a motion was passed to forgo the annual banquet and donate the funds to the Red Cross.

In most cases of relief, supplies have been purchased and in some cases money has been given. This work has been directed by Judge Gillis who has been in touch with state as well as division headquarters of the Red Cross regarding relief work.

It is now believed all who need help have been reached, however, the work will continue with the organization in readiness to meet every need.

Among the subscriptions to the fund was \$25 from the Knights of Pythias lodge in Cameron.

METHODIST CHURCH.

Rev. Ira F. Key, pastor of the Methodist church has announced the following subjects for the Sunday service:

11 a. m. "Producers versus Consumers."
7:30 p. m. "David and Goliath."

Public Demands Better Supply Free From All Impurities and Safe

The City of Cameron, for many years cursed with impure water is to be given an opportunity to own its own water system.

The opportunity means that Cameron may own its water works and at the same time get water free from impurities and safe for human consumption.

The city council of the city of Cameron at its regular meeting Tuesday contracted with a company of engineers in Dallas for plans to be made covering a modern system of water works in Cameron to be installed by the city after a bond issue has been authorized by vote of the people.

As one member of the council expressed it, it is the opportunity the people have sought for years and unless the people of Cameron at this time vote the bonds and remove from vicious private control the public water supply, it may mean a backset of twenty years.

The action of the city council follows two weeks of fervent agitation on the part of the people who find that they have been drinking water since July of this year which has not been treated for impurities.

Following the overflow an order was issued by the city health officer Dr. T. G. VanZant warning the people to boil all water used for the next 30 days as the river water is now more unsafe than at any time in recent years because of the overflows and the number of dead animals in the bottoms. After this order had been passed a mass meeting was called to devise some means of avoiding disease and pestilence and to preserve the supply of drinking water. This meeting accomplished nothing except an agreement already made by the city council and the city health officer to boil all drinking water.

Investigation developed the fact that the chlorinator forced into use, after the city council had cut off the pay of the water company on June 1, 1920, was sent to New York in July of this year for repairs. Nothing was said to the city health officer about the removal of the treatment, and it is presumed that, although the installation of this equipment was made the basis for resumption of payment to the Cameron Water, Power & Light Company, the payments have not been stopped during this period when no treatment is given the water.

Mayor Hearrell not to be deterred in getting better water for Cameron secured the services of an engineer from Dallas to make a survey of the town and Saturday O. K. Koch of that city with the officials here made tests on the Joe Lindsey property in Cameron, a well there making 36,000 gallons of water in two hours.

Tuesday night of this week Mr. Koch appeared before the council and discussed the new water system. He left for Dallas and next week James D. Fowler, engineer, will be here to complete the survey. After this the council will submit the matter to the people.

Public indignation over the condition of the public water supply reached a climax at the Commercial club Friday night. The fight was led by W. W. Chambers. He also accompanied a delegation of citizens to the council meeting Tuesday night and in his usual vigorous treatment of public matters told the council that "the

people are demanding a change in this condition and will welcome the opportunity to settle the problem by voting the bonds and erecting their own system of water works.

There appears to be scarcely any question but that the people are eager to have the election and the bond issue submitted.

It is agreed among councilmen and citizens as well, that the city is powerless to force the water company to give pure water, if the matter should get to a point of litigation, because of certain clauses in the franchise. The only way out is for the city to own its water works, removing corporate indifference and disregard, from the control of so great a necessity.

At the meeting Tuesday night Judge Graves of the Southwestern University at Georgetown told of the situation in his home town. The plant had been under private control for years and there was continued dissatisfaction. Suits were had and finally the city put in its own plant, using springs and later drilling wells and getting an abundance of potable water. He burns eight light globes in his home and has sufficient water for all domestic purposes and his average bill is \$3.75 per month.

Mayor Hearrell in a recent consultation with the secretary of the water company in Rockdale, told The Herald Wednesday that the city had bought the water system 8 or 10 years ago from private owners and that the system was about paid for and that at this time \$600 clear money is being realized from the operation of the water plant each month.

E. A. Camp of Rockdale in conversation Wednesday with Mayor Hearrell said that in his home he uses lights, two fans and electric iron water for sprinkling aside from domestic use and that his average bill is \$7 per month.

In Cameron some of the homes pay as high as \$20 per month and some pay more.

The important thing in connection with the plans the mayor and council have is that the system to be figured out will be installed on a basis that the revenues will take care of maturing bonds and pay all interest so that the system will not cost the tax payers one penny.

Mr. Koch employed by the city council to make an estimate as to the cost and operation of a modern, up-to-date water plant for the city of Cameron, is to report to the council on the cost of installation and what revenue, based on a lower rate than is now paid, the city can derive from the ownership and operation of its own system.

"James D. Fowler of Dallas, an associate of Mr. Koch," said Mayor Hearrell, "will be in Cameron Monday to make the figures for this plant. Mr. Fowler is a competent engineer and will make this survey to ascertain if Cameron can own its water works and if the revenue derived from same will retire bonds annually and pay the interest on the sinking funds. The most encouraging feature of the new plans is that this system is possible for Cameron without a dollar cost to the tax payers as it is possible, I am revenue will offset the cost of retiring sure, to figure a system where the bonds and paying the interest."

COMMERCIAL CLUB

Roll call showed the following present:

Officers: Robt. McLane, president, W. W. Chambers, vice president, L. T. Lewis, treasurer, W. B. Skelton, secretary.

Directors: J. T. Parma, J. W. Coleman, C. R. Phillips, Giles L. Avriett, J. B. White, F. S. Lesovsky, W. G. Gillis, Monta Thomas.

Committee chairman: T. F. Hardy, J. R. Hays, Monta Thomas, T. S. Henderson, W. M. Cobb.

Minutes of previous meeting were read and upon motion adopted.

A letter was read from the State Markets and Warehouse department, offering the co-operation of that department in the establishment of a local bonded warehouse. Upon motion from T. S. Henderson, seconded by W. G. Gillis, the secretary was instructed to get into correspondence with the above mentioned department in order to get information as to costs, method of organization, etc., with a view of establishing such warehouse in Cameron next year.

It was brought to the attention of

(Continued on Page Four.)

LIVESTOCK ENTRIES FOR COTTON PALACE DEMAND MORE SPACE

Waco, Texas.—It has become a problem for the Texas Cotton Palace management to provide sufficient space for the record breaking entry list of livestock sent in for this year's Exposition which begins October 22 and ends November 6 at Waco. Pens for hogs and cattle have filled up rapidly, and as the final date for last entry of premium stock nears, the desk of Secretary Seth Mayfield is piled high each day with entries and inquiries regarding the livestock department.

The 500,000 people who reviewed the Texas Cotton Palace livestock show in 1920 by their acclaim voted it the greatest exhibition of its kind the Southwest has ever seen. Already the entry list of last year has been exceeded, and with cattle herds and hog droves already entered this season from every section of the United States, Texas Cotton Palace directors have stopped prophesying the extent to which this year's livestock pageant will reach. Provision is being made rapidly to take care of the overflow of entries. Prize herds from Iowa, Missouri, Kansas and Nebraska will reach Waco early in October in preparation for the show, to say nothing of the numbers of herds from various sections of Texas which will arrive for the opening day, being cared for at their respective locations until just prior to the opening of the big Exposition.

COTTON PALACE SPEED DEMONS TO MAKE DIRT FLY IN MASTER RACES

Waco, Texas.—Three days of racing with an automobile card hitherto unsurpassed, makes up plans for that feature of this year's Texas Cotton Palace directors today.

Names are to be emblazoned on the driver list popular in the eyes of automobile racing fans throughout the world.

Dates of the racing days are October 23, 25 and 30.

Dates of this year's Cotton Palace are October 22 to and including November 6.

It is first hand knowledge to every dirt driver of the country that the Texas Cotton Palace track is exceeded by no other dirt track in the United States. As a consequence, drivers who have made fame for themselves in various sections of the country look forward with keen anticipation to the trials of speed at the big Exposition, and this year every possible improvement has been made in the dirt bowl in readiness for the show forthcoming when the gates of the big Exposition are thrown open for the 1921 show.

Premium lists for successful entries are fast being completed. It is estimated now that over \$10,000 in prize money will pass into the hands of the winning individuals and teams.

SUIT OF CLOTHES FOR A DIME!

Waco, Texas.—Imagine buying a suit of clothing for a dime! Or a plow, or a Ford differential?

And yet, under the plans laid out by Karem temple, Waco Shriners, Texas Cotton Palace visitors this year will be able to buy not only clothing, but almost "anything under the sun." For the Shriners are going to operate a "Country Store," on the Warpath, from October 22 to November 6, the date of the exposition.

Under the plans now laid out, every manufacturer in the country is invited to send one or more samples of his product to the Shriners, who will put it on sale in the country store, every article selling at a dime.

Already a wide variety of "articles" have been received, including everything from Ford parts to a canary bird, suits of clothing to a curling iron. No steam yachts have yet been received.

DUNNING SYSTEM OF MUSIC STUDY PLANNED HERE

INTERESTED PATRONS OF
SCHOOL SEEKING TO INDUCE
BOARD TO ADOPT METHOD

The Dunning System of Music Study may be adopted for the schools of Cameron if patrons now active in behalf of the movement are successful in interesting the school board to install it.

Mrs. Paulson, teacher of the Dunning System of Improved Music was in Cameron Tuesday in the home of Mrs. Edgar Tucker with her entire equipment, meeting some of the members of the school board in the morning and several of the ladies who were interested, in the afternoon.

The following explanation of the Dunning System for the instruction of children and beginners in music will be of interest to those parents who are interested in having this system installed here and in securing a competent teacher for instruction according to this plan.

The Dunning System is an improved method of music study. It is the best exposition of the first principles of piano music and is adapted not only to the teaching of children and beginners, but to all who wish a thorough knowledge of the foundation of music.

The originator of this system, Mrs. Carrie L. Dunning, of Buffalo, New York, after much musical experience in this country, studied a number of years in Europe with Fraulein Prentner and Leschetizky, the renowned pupils until, impressed by their lack of general knowledge of the fundamental principles of music, she began to look about for a better method of instructing beginners and younger pupils.

The result was this "Improved Method of Music Study," which is the only System endorsed by the world renowned musicians.

It trains the mind to think musically and consecutively, cultivating the three greatest factors in a successful life—Concentration, Application and Dispatch.

The Dunning System is a finished and complete system of elementary instruction.

It is an improved one.

It is instructive.

It teaches correct fundamental principles.

It is economical.

It makes practice a pleasure.

It is a system that teaches a child to think in music and thoroughly understand the most important points before making an attempt to play on an instrument.

It cultivates individuality and spontaneity.

It trains the ear so thoroughly that a child is enabled to write music by dictation.

The lessons are adapted to both advanced pupils and beginners.

No grotesque names are associated with plain musical terms. All songs and stories are cultured and refined.

The games are like X-Rays thrown on the keyboard. The child's natural love of play is utilized while he is unconsciously receiving intelligent ideas. Thus the Froebel idea of making work play and play real study, proves itself

of the greatest value in the child's cultivate a taste for their composition.

Formed into classes, the pupils are taught by means of symbols—discs, rhythm sticks, and movable musical characters—the fundamental principles of music.

An ingeniously constructed keyboard with grand staff attached, simplifies notation by uniting these two important factors.

Interesting games make otherwise tedious drills subjects of pleasure.

Stories and songs are given to stimulate ideas and cultivate musical intelligence.

The ear is acquainted with musical tones by oral exercises.

Sight reading forms a part of every lesson, although presented in a number of different ways.

Mental drills are employed to awaken musical thought.

The muscles of the fingers, wrists and arms are developed and strengthened by finger gymnastics and table technique, performed to the rhythm of delightful little songs.

Musical principles are taught from memory verses which are easily retained.

The sense of rhythm is stimulated and developed by rhythmic exercises and songs.

Written work teaches the student that music is a language that must learn to write as well as interpret.

Real piano work illustrates the principles taught by games and exercises.

Pictures and verses give an intimate knowledge of the great composers and

THE MONUMENT TO THE PILGRIMS

ATOP TOWN HILL in Provincetown, Massachusetts, looking out over the restless sea from the great arm which that state flings out into it, stands a great and impressive monument of extraordinary beauty and great dignity.

This monument, one of the tallest on this continent, commemorates the anchoring of the Pilgrims in the historic Mayflower in the year 1620, their adoption of the first charter of a democratic government in the history of the world, the birth of the first white child born in New England and the whole chain of happenings which preceded the settlement at Plymouth.

Built entirely of Maine granite, the construction supervised by the Engineering Department of the United States Army, this structure rests upon a sixty-foot-square foundation, is 28 feet square at the base, approximately 252 feet high and the site is about 100 feet above the tides. The architecture is of the Italian Renaissance order, the design having been copied from the tower of Torre del Mangia at Siena, Italy.

The site was provided by Provincetown; the cost of the monument was defrayed by a joint fund contributed by Congress, the Commonwealth of Massachusetts, the town of Provincetown and individuals in all parts of the country. Dedication exercises were held on August 5th, 1910, the President of the United States being in attendance.

This staunch and magnificent commemorative structure, standing in silent triumph, is typical of the reliance and love of freedom which characterized this little band in their battle with the elements and fate and of their descendants in all parts of the world.

Chapel Exercises.

Last Thursday morning the Howell Brothers orchestra with their large selection of popular music came before the student body and gave a concert lasting some twenty minutes.

This concert was very much enjoyed by the student body and faculty also. This occasion ought to help to stimulate the organization of a high school orchestra which will be a credit to the school. The entire school has much talent that can be utilized for this purpose and if this was done the advertisement that the school would get would be of great value.

Each morning at 10:45 all classes are dismissed and students are allowed fifteen minutes relaxation which can be used for committee meeting. The arrangement of the periods this term has made this possible, and is of advantage to the school.

The Commercial department is one of the busiest departments in the school now. Many students from town are taking advantage of this added course. It is a help to all.

Last Monday Porter Stevens Cameron's star football player came to school and announced his intention of entering heartily in all athletic teams and events this year. This will be good news to the people of Cameron and bad to those who hope to play Cameron in football in the near future for Stevens is as good as they make 'em and Cameron is assured of a good team.

In the Houston Post of September 11 it is announced by Belton that Cameron is on the schedule for an early game with them. It will be remembered that Belton gave Cameron a beating last year and if they are wanting another game they can rest assured that they will get it and that isn't all they are going to get more than they want for Cameron can not be equaled in a football team.

C. F. Spiller, for many years the janitor of the old school building and the friend of all the pupils while he was in that capacity, is putting up a little store in which he will have for sale many articles to eat that will run the heart of the student with delight. This has been the need ever since school was held in the Yoe High school building because the pupils had so far to walk but after this store is completed they won't have so far to go for they can buy something good to eat there for a trifle and at the same time have the assurance that they will not be tardy. The school hopes that Mr. Spiller will make a success of it.

On account of the fact that the water of the river is unfit for use the pupils are having to bring their water to school in bottles. Many have expressed their wish that the water soon be fit to drink. This would be so if the Chlorinator was here and on duty but as it isn't it can't be helped and the students have to do their best under the circumstances.

Miss Williams, history teacher, was ill the first part of this week and unable to be at her post. Miss Helen Flinn has substituted for her.

The Senior class has many new members this week which makes it a very large class. If the new ones continue to come in this year's class will be larger than last year's. Hubert Mewhinney and Wilene Barber were held up on account of the flood but they arrived here this week. The same can be said of Eudale McWilliams. The new members came in this week are: Carl Thomas, Bolfair Brooker, Elbert Felton and Reta Robinson.

Library Opens.

The first week of school the library was not open to the whole student

body owing to the fact that the books were not arranged so that they could be gotten to easily.

This was a handicap because the pupils needed the books to prepare their lessons. But by last Monday all of the books were arranged and the library was ready for opening.

This department is in charge of Miss McLaughlin who has the same classes that Miss Work had last year. Instead of the girls taking turns at being librarian each teacher that has an off period has charge of this room insuring quiet for study. Mr. Kidd states that there are many new additions that were made to the library this year and he also says that there will be others added later on in the year.

With these additions Cameron has a library that she can be proud of. The room in which the library is situated is a well lighted room and well accommodated for study having good light and tables and plenty of room. Each book is to be signed before it goes out of the room and these books are only for night use. All other books are not to leave the room.

COTTON PALACE FEATURE AT WACO THIS YEAR WILL ATTRACT HALF A MILLION

Waco, Texas—Texas Cotton Palace directors today announced a few of the features of the 1921 Exposition which opens its gates October 22 and lasts to and including November 6.

Here are a few of them:

Queen's Ball and coronation ceremonies of King and Queen Cotton, an international event. Society ball, the society event of Texas, with hundreds of debutantes from all parts of the Southwest participating.

Opera, one solid week of it, with a well known Chicago opera company.

The Scotch Highlanders Band, free concert each afternoon and night during the first week.

The Presidential band from the City of Mexico.

Three big football games.

Three days of world fame automobile drivers in auto racing.

Poultry show.

Live stock show.

Women's exhibits—a department especially devoted to women's work and art.

Agricultural show.

A large war path or mid-way with all new shows and hundreds of concessions of all kinds.

WOMEN'S EXHIBIT WILL SURPASS RECORDS AT COTTON PALACE SHOW

Waco, Texas—Under the direction of Mrs. Harold Shear of Waco, Texas, this year's exhibits at the Texas Cotton Palace from October 22 to and including November 6 of peculiar interest to women will produce a show of excellent quality, and one designed to attract the taste of every miss and matron who attends the big Exposition.

The Texas Cotton Palace for years has been famed for the interest it holds for women. Attractive premium lists are annually supplied for the entries, ranging from embroidery work to every known sort of kitchen product.

And this year's premium list fact, it is larger than last year's and last year's premium list for this department established a record figure.

SAN GABRIEL SECTOR HARD HIT BY FLOOD

More Than Fifty Bodies Found in Granger-San Gabriel Sections

(Thorndale Champion)

The damage to crops, drowned livestock, wrecked buildings and soil erosion can not be estimated. In some cases it has been total and in practically all cases it has been from 30 to 50 per cent.

The Gabriel and Alligator were normal late Friday evening. Early Saturday morning both streams were raging torrents, the highest ever known. Eye witnesses state that it was less than three hours from clear water in the Gabriel to the highest mark of 35 feet reached by the flood. The rise on Alligator was in even less time, the high mark being about 25 feet.

The total loss of life from the flood from Granger to San Gabriel on the Gabriel and along Alligator is above fifty. Bodies of ten known dead have not yet been recovered.

The flood came so quickly and unexpectedly that families living below the high water mark were only aroused from sleep by the waters reaching their beds. Others had everything movable washed from their yards, waking after the waters had subsided 5 or 6 feet.

The only means of communication at present is by small boats. Groceries have become very scarce. All stores at San Gabriel and Sharp are out of the most essential necessities and families who were fortunately stocked before flood struck have found it necessary to divide with those in need to alleviate distress.

The San Gabriel school was to open Monday but has been postponed indefinitely on account of the damage to the building and general chaotic conditions.

Volunteer workers are at work on the school building and washed out bridges but the little interest shown in this work is deplorable.

Communication with all railroad towns has been delayed by this lack of interest and the ginning and marketing of the little cotton left will be a difficult matter unless remedied quickly.

A TONIC

Grove's Tasteless Chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless Chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 75c.

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS Chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS Chill Tonic is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS Chill Tonic has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS Chill Tonic when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

Notice to the Public.

As there are a great many unbranded and unmarked cattle, horses, and mules now at large in the county, on account of last week's floods, I have been asked by the Milam County Cattle Raisers' Association, of which I am secretary, to request through the papers, all parties having such stock in their possession, to report same promptly to the sheriff.

GEORGE T. GRAVES,

Secretary Milam County Cattle Raisers' Association.

The Quinine That Does Not Affect The Head

Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or ringing in the head. E.W. GROVE'S signature on box. 50c.

MONEY FARM LOANS MONEY

Realizing that the floods, etc., have created a financial stringency, that local debts should be paid, that we need longer time to pay, I have arranged to care for all legitimate

Farm Loans

Time 5 to 20 years, with privilege to prepay each year. No charges nor commissions, no second papers, simply a straight note, with annual interest. Your only expense is to furnish abstract and record papers. Loans closed PROMPTLY.

Why not borrow on your land, get long time, and pay your local debts, thus preserving your credit and helping your country?

E. A. CAMP . . . Rockdale, Texas

The Grand American Perogative

The right to choose is the grand American prerogative—the glory of American democracy.

And a most important part of it—the right to choose what you buy—was bestowed upon you by advertising.

Advertising is as much a part of today's life as electricity, anti-septic surgery or motor traction. It is the system whereby a man who has something to sell tells about it to those who do or should use it. For no one can want anything until he knows of its existence.

Advertising is the way by which you are told why you should have certain goods and how to identify those goods. So the advertisements you find in this newspaper make up a catalog of needed merchandise.

Articles of all kinds and for all purposes are presented in a pleasant way through the medium of type and pictures. The outstanding requirements of every member of the family are met by offers of good merchandise of proved value. The advertisements will help you in the selection of all manner of things.

Use them for guidance and you will be a constant gainer

THE AMERICAN CREED.

I believe in the United States of America as a government of the people by the people for the people—whose just powers are derived from the consent of the governed—a democracy in a republic—a sovereign nation of many sovereign states—a perfect union one and inseparable—established upon those principles of freedom, equality, justice and humanity for which American patriots sacrificed their lives and fortunes. I therefore believe it is my duty to my country to love it—to support its constitution—to obey its laws—to respect its flag—and to defend it against all enemies.

Commercial Club

Continued from page one
the club that the last Friday night in September will be the time for the semi-annual meeting of the club and election of officers. The advisability of having the usual light luncheon in connection with this meeting came up for much discussion. It was moved by F. S. Lesovsky and seconded by W. W. Chambers to dispense with the luncheon in view of the needs of flood sufferers in the county. Upon motion from J. B. White, seconded by C. R. Phillips, Mr. Lesovsky's motion was tabled. Upon motion from J. B. White, seconded by J. W. Coleman, it was decided to have the luncheon as usual.

Giles L. Avriett of the good roads committee reported the various damages to roads and bridges in the county from the recent flood and stated that the damage was not as great as at first thought. Mr. Avriett reported that practically all roads leading to Cameron would be open to traffic by Sept. 20th.

Upon motion from J. W. Coleman, seconded by J. B. White, Miss Leila Woolley was elected to membership in the club.

W. M. Cobb, chairman of the agricultural committee, reported the postponement of the live stock show to Oct. 21st and 22nd, on account of the recent flood.

W. G. Gillis, Milam County Red Cross Chairman, proposed the organization of a local relief committee of the Red Cross to look after flood sufferers in the county and asked the help and endorsement of the club. F. S. Lesovsky moved to reconsider having the luncheon on Sept. 30th, which was voted earlier in the meeting and instead to give \$50.00 to the proposed relief fund. The motion was seconded by Giles L. Avriett. T. S. Henderson Sr., offered a substitute motion to donate \$50.00 to the relief fund. This substitute was defeated. The motion to call off the luncheon and donate \$50.00 to the relief fund was then put before the house and carried.

T. S. Henderson, Jr., chairman of the building and loan association committee, reported that his committee had completed plans for building and loan association, copied partly from the Bryan plan and partly from the plan of Magnolia Petroleum Co., of Dallas. They recommend such an organization in Cameron of which it is proposed to issue stock in series of \$100,000.00 each, the first \$100,000 to be loaned to home builders at 8 per cent, the shares to sell for \$100.00 each, with a minimum of five shares to each stock holder, money loaned by the organization to be repaid at the rate of \$1.00 per share per month. Expenses of the proposed organization are to be covered by an assessment of \$1.00 per share on the first monthly payment. The organization to have one paid official, the secretary treasurer to be paid by a fee system. Nine directors are proposed for the organization, with three committees, finance, securities and building committees, consisting of three committeemen each to be chosen from the board of directors. Mr. Henderson recommended that a mass meeting be a good investment, estimating that it will pay from 10 per cent to 20 per cent in dividends. The committee recommended that a mass meeting be called by the club for the purpose of perfecting the organization.

Upon motion from F. S. Lesovsky, seconded by W. M. Cobb, the report of the committee was adopted.

Upon motion from F. S. Lesovsky, seconded by W. G. Gillis, the proposed organization was recommended by the club and it was decided to call a mass meeting for the first regular meeting in October for the purpose of perfecting the building and loan association. Lloyd Mitchell and A. Robinett of the Cameron concert band appeared before the club with regard to the ra-

tention of P. H. Medsker as band leader, bringing out the fact that he had been offered a salary of \$2400 at Fort Worth and requesting the endorsement and help of the club in raising a sufficient amount to pay him that salary as director of the local band. In case this amount is raised, it was pointed out, Mr. Medsker proposes to put aside \$400 from his salary to a band fund, out of which the boys will receive some compensation for concerts next year. Upon motion from W. W. Chambers, duly seconded, the movement by the band was endorsed and a committee appointed to assist in raising sufficient funds to carry on this work. The following committee was appointed: R. H. McIntosh, Leiland Green and Dr. Jim Watson.

T. S. Henderson Jr., called attention to a report in the Dallas News and one in the Waco Times Herald regarding the recent flood near Cameron, each of which reports Mr. Henderson considered detrimental to Cameron and it was suggested by him that the papers mentioned should be asked to correct the reports. Upon motion from F. S. Lesovsky, seconded by W. W. Chambers the matter was referred to the publicity committee.

Upon motion from W. W. Chambers, duly seconded it was decided to hold the regular meetings of the club at 7:30 p. m. instead of 8 o'clock as at present.

W. W. Chambers brought up the subject of the contaminated condition of the water in Little River at the present time and made a vigorous speech deploring the fact that the Cameron Water Power & Light Co. is permitted to sell such water in its unpurified state to the city of Cameron and its citizens. This condition was also resented by Messrs. J. B. White, S. E. Brogdon and Mayor U. S. Hearrell, the latter urgently recommending municipal ownership of the water works and light plant, but stating that the Cameron Water, Power & Light Company could be made to furnish the city with pure water. Upon motion from J. B. White, seconded by S. E. Brogdon, the services of the club was tendered to the city council in any campaign they would make which had for its purpose the securing of pure water for the city.

WHERE WASHINGTON WORSHIPED

HISTORY shows that the plot of ground on which stands Christ church, in the quaint, old-fashioned town of Alexandria, Virginia, first settled about 1695, was acquired in 1794 for the sum of one penny.

Around this sacred relic of by-gone days perhaps revolves more patriotic sentiment than that which surrounds any other of the many old and historic churches in this nation. An iron fence, set upon an ancient brick wall, encloses a grassy plot which is dotted with many quaint grave stones and also contains the church itself.

Although certain interior changes and renewals necessarily have been made, the general appearance of the church is practically the same as in the days of old. The same chancel rail, communion table, reading desk and chairs and brass candle holders are in use, while among the relics in the vestry may be seen the first bible used—made in Scotland in 1773, and the long-handled purses in which the offerings of the parishioners were deposited.

It was to this church, both before and after the revolution as well as after retiring from the presidency, that General George Washington came from Mount Vernon, in his "coach and four", to worship. The pew occupied by the Washington family, as well as the one used by General Robert E. Lee, are maintained in exactly the same condition as when used by them.

MRS. JOHN HEFLEY.

It is with a heavy heart that the death of Mrs. John M. Hefley of Covington, Georgia, is recorded. She, passing came quietly and peacefully late in the afternoon of Saturday, Sept. 17, 1921 at the home of her sister, Mrs. David Thompson, where she had made her home since leaving Cameron in 1910. The immediate cause of her death was peritonitis brought on by an attack of indigestion. Her last illness was of a week's duration, but her health had been failing for a long time. The trials of a long illness had been bravely met.

Mrs. Hefley was a native of Tennessee, a daughter of Rev. J. N. Bradshaw, a minister of the Presbyterian church and an educator of considerable repute, and a niece, on the maternal side, of John C. and Niel S. Brown, former governors of Tennessee.

Mrs. Mary Bradshaw Hefley was educated in the schools of Tennessee and Georgia and was a lady of intelligence and refinement. She came to Cameron Sept. 5, 1879 as the first teacher of music in the public schools.

On Feb. 22, 1882, she became the wife of Mr. John M. Hefley, one of the leading business men of Cameron and the first president of the First National Bank, upon its organization in August 1889. Her husband, Mr. John M. Hefley was a great hearted, public spirited citizen, who contributed liberally of his time, money and personal effort to promote the welfare of Cameron and to make it a town of happy home loving people.

His home, located on College avenue, was a center of culture, kindness and hospitality. Mr. and Mrs. Hefley assisted by their only daughter, Miss Bessie Claire who after graduating at Ward Seminary, Nashville, Tenn., became the wife of Mr. George Waller of Martinsville, Virginia, kept open house to their friends.

Mrs. Hefley was the gracious hostess on many happy occasions. The Cameron Fire department were the honored guests at a notable reception long spoken of as a memorable event in the social calendar. The parents of Mr. and Mrs. John M. Hefley, each celebrated their golden wedding anniversaries and to the success of these elaborate functions in Texas and in Georgia Mrs. Hefley contributed her skill and gracious social accomplishments.

Mr. and Mrs. Hefley travelled extensively over the United States and once made the trip to Cuba with the Texas Bankers association of which Mr. Hefley was an honored member. Their congenial married life was severed by the death of Mr. Hefley which occurred Dec. 20, 1902.

Later Mrs. Hefley went to Georgia to share a luxurious home with her sister, Mrs. David Thompson, only making occasional visits to her old friends in Cameron where she retained business interests and the strongest ties of friendship.

Mrs. Mary E. Hefley's name appears on the charter roll of the Cameron Presbyterian church to which she devoted the faithful and loyal service of her life. When the organization was weak her indefatigable labors inspired others to a zeal for Christian service. As a Sunday school teacher she inspired many with a desire to emulate the meek and lowly Master. She gave freely of her time, talent and money, many of the furnishings of the church bespeak her generosity.

From the church to which she had contributed so much and whose building she had helped to plan and finish her funeral was conducted by Rev. H. R. McFadyen Tuesday afternoon at 2:45 p. m. The music was furnished by the Presbyterian choir, assisted by Mesdames T. S. Henderson and W. T. Hefley. The processional and recessional "Nearer My God to Thee" was an organ and violin number by Mrs. Pearl Avera and Miss Annie McLane. The chosen hymns were "One Sweetly Solemn Thought" and "How Firm a Foundation" and the funeral services from a text in Job 5:26, "Thou shalt come to thy grave in a full age, like as a shock of corn cometh in his season," was touching and beautiful. Many of the life long friends of the deceased were present and floral tributes came from far and near.

Mr. and Mrs. George Waller who came with the remains from Georgia, most thoughtfully planned the service and Mr. Jeff D. Hefley, Sr., carefully executed their plans.

The active pall bearers were Messrs. Robert McLane, R. P. Jeter, Ben Hefley and Albert Green.

The honorary pall bearers were Messrs. W. T. Hefley, Jeff D. Hefley, L. J. Hefley, T. F. Hardy, Dr. J. C. Reese, John B. McLane, Jeff T. Kemp and R. D. Brown.

The district court which was in session was adjourned and many who were in attendance upon its session followed her casket to its rest in Oak Hill cemetery.

Slowly, but steady the hand on the

dial plate, has marked forty two years since this noble Christian woman came to make her home in Cameron, but only the records of the Recording Angel will reveal the good she has done here.

LINA R. KEMP.

LOST—Gold pencil, engraved on side W. G. Gillis. Will pay reasonable reward to one returning same to the Cameron Herald office or to W. G. Gillis.

BARBECUE POSTPONED.

Spudding in of Milano oil well and public barbecue postponed on account of bad weather and washouts on the various roads until Sept. 29th. Please take notice and be here on that date.

Mr. and Mrs. W. A. Beal visited in Jones Prairie last week.

No Worms in a Healthy Child
All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 75c per bottle.

NEWS FROM SHARP COMMUNITY

Edited by Mrs. W. H. Lyon

Sept. 19.—School did not begin here on Monday as per schedule, on account of the illness of Supt. Marshall of Rockdale. He will probably be able to come out in a few days. The other members of the faculty are Misses Eleanor Massey of this place, Flora Sharp of Rockdale and Mrs. Lyon. Miss Massey has charge of the primary department, while Mrs. Lyon and Miss Sharp will take care of the intermediate work.

The storm damage in this community along the river was great, but people are going right ahead and very little complaint is heard. All the corn was lost, which will make it rather hard on the farmers another year. Cotton was not damaged a great deal, but there was very little made here.

Mrs. Dan G. Davis is at Hillsboro

attending the bedside of her granddaughter, who has been very ill for some time. She is reported better at this time.

The citizens of the different communities are a work on the roads trying to get them in passable condition.

Mesdames Sloan and Williamson of Cameron and Mr. Jim Williamson, of Merkel were here Sunday to see Dr. and Mrs. Lyon.

Mr. Silke and daughter of near Rockdale were over Sunday, guests of his daughter, Mrs. Charley Hook.

A. J. Garner was called to Cameron a few days ago to do jury service.

Miss Artie Hargrove left for Cam-

eron Saturday where she will attend school.

We now have a resident pastor for the Sharp church. Rev. Parker of Oklahoma, who with Mrs. Parker and three little ones form an addition to our citizenship. They occupy the manse, which has recently been improved by the building of a sleeping porch and the repapering of the rooms

Grove's Tasteless chill Tonic
restores vitality and energy by purifying and enriching the blood. You can soon feel its Strengthening, Invigorating Effect. Price 70c.

A TONIC
Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value. Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

COTTON PALACE OPERAS TO BE GIVEN IN ENGLISH AT BIG WACO EXPOSITION

Waco, Texas—The largest, most comprehensive opera program ever presented in the South will feature the 1921 Texas Cotton Palace at Waco, October 22 to November 6, this year, according to announcement of directors today.

Arrangements have been completed with the Dunbar Opera Company of Chicago for a full week's bill here during the second week of the Exposition.

Probably the outstanding feature of the operas to be presented is that they will be entirely in English, beginning with "Robin Hood" and including "The Mikado," "Bohemian Girl," "Martha" and "Carmen". This is the first time that any producer has introduced all these most popular of operas in English, although they have long been favorites on the American stage. This same company last year produced one or two operas in Chicago and one in New York, in English.

The Hussar Band, known from coast to coast as one of the leading musical organizations of the country, will appear in the cast of the operas during the Cotton Palace.

Seats for the operas are now on sale at Waco, directors of the Texas Cotton Palace announce. Out of town orders should be mailed the director in charge, R. E. L. Montgomery, immediately.

In several of the operas, the entire band will appear on the stage, and in "Carmen" when a band plays a leading part, the Hussars will appear "en concert." In addition to the Hussar band, a 35-piece orchestra will accompany the opera company whose cast includes 80 actors of known ability.

On the concluding night of the opera season, with the aid of a special beauty chorus, brought from Chicago for the occasion, the Chicago company will present a Follies program.

The Texas Cotton Palace Opera program starts on Monday night, November 1. The prices are not advanced, state directors. Box seats \$2.50; parquette \$2.00; first six rows back of the boxes \$1.50; and the next four rows \$1.00. Ten percent war tax will be added to the regular admission.

PATTERSON SHOWS IN ALL THEIR GLORY ARE HEADED FOR BIG SCENE

Waco, Texas—The Patterson Shows count the Texas Cotton Palace Exposition as the biggest show of the Southwest.

This season they have secured the Texas Cotton Palace contract and will show at Waco from October 22 to November 6, dates this year of the big Exposition.

Acquisition of the Patterson shows is only another incident in the growth of the South's "Most Unique Exposition," the title under which the Texas Cotton Palace has become famous the world over.

The Patterson Shows have been wintering during the past year at Paola, Kansas. Now the winter tent poles have been pulled and the canvas packed for one of the longest tours ever made by a show in the is no exception to the rule; in South. Though attending no exposition which outranks the Texas Cotton Palace, the Patterson aggregation will visit every important engagement of the exposition season south of the Mason-Dixon line this year, including the stand at Waco which lasts for two weeks.

Advance agents of the Patterson Shows have already paid a visit to the Texas Cotton Palace Warpath, where the shows will hold forth, and pronounced the site ideal for their purpose. Nothing now remains but the arrival of the canvas in the thirty-one cars which convey the shows in a special train, and those things which are housed in the canvas for the opening of what will be the greatest Exposition Texas and the South has ever witnessed.

THORNDALE SCHOOLS OPENED MONDAY

Teachers Waterbound But Work Goes
on With Volunteers Until
They Arrive.

(Thorndale Champion.)
The Thorndale Public Schools began the new term Monday morning under an auspicious beginning. Despite the recent flood and great upheaval incident to loss of lives and property from communities about the city, news of which had just begun to reach the city 206 pupils and a larger number of parents and friends of the school were present Monday morning at 9 o'clock to greet the opening of a term that promises to be the most successful in the history of the Thorndale schools.

Prof. H. M. Roark, who is beginning his sixth term with the schools made an appeal to parents and friends for their hearty co-operation for a greater term than has ever been enjoyed heretofore. He stressed the new features of the school work that have been added for the coming year and succeeded in instilling in pupil and parent alike something of his own personal desire and wishes for the most successful term yet held here.

Besides Prof. Roark, Prof. Samuels and Miss Dixon were the only teachers present at the opening exercises Monday. Miss Eda McIntosh was water bound at Rockdale. Prof. Eades of Rockdale, Miss Loises Taylor, Nora Karrer, Viola McClaren and Mina Clark having been caught by the high water after leaving the Teachers' Institute at Belton last Friday and who are presumably at their homes.

After the invocation by Rev. P. R. White at the exercises Monday morning, Chas. Saller, president of the school board made a short address along progressive lines pointing to the progress of the schools, the hard work of the trustees in securing a strong faculty and in other ways improving the Thorndale schools.

A solo delightfully rendered by Mrs. Samuels was well received by the large audience. Miss Lucy Barbee, teacher of piano in the schools accompanied the singer on the piano.

Miss Emma Saller spoke on behalf of the Parent-Teachers' club, pleading their hearty co-operation and asking for a larger membership and added interest in this work by the mothers of this school district.

Prof. Samuels spoke enthusiastically of the coming year's work in vocational agriculture and animal husbandry pointing out the fact that this work is under the direct supervision of the United States Department of Agriculture and that the government is paying a part of the salary of the teacher in this school.

Miss Mary Dixon who is beginning the third year of her work in the Thorndale schools spoke encouragingly of the work and asked a closer co-operation of parents with the teachers.

Miss Opal Quinn, Ila Mae Adams, Mabel Hinds, Lois White and Alpha Allcorn, graduates of last year kindly volunteered their services to the school until the regular teachers arrived.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dislodge the worms, and the child will be in perfect health. Persistent treatment is essential.

AGRICULTURAL SHOW AT COTTON PALACE STATE WIDE EXHIBIT

Waco, Texas—While the individual exhibitors in the agricultural department of the Texas Cotton Palace at Waco, October 22 to November 6 this year will exceed those in number of any year previous in the history of the Exposition, Secretary Seth Mayfield, in telling of plans for the agricultural show this season pointed out today that more of a state wide emphasis is being placed on that department than in seasons past.

Four major exhibits will this year make up the Cotton Palace agricultural department, he explained, representing West Texas, East Texas, South Texas and Central Texas.

The extent of these exhibits knows no end.

Nor does the variety of products which is to be shown as yet give any indication of the scope of agricultural activity, so vast in number are the individual entries which are arriving daily at the Cotton Palace grounds. The agricultural building is already overflowing and more room is demanded as each succeeding week, marking approach of the opening date of the big exposition, comes to a close.

Increases were ordered by Texas Cotton Palace directors in the agricultural premium list this season, in order that every item of farm produce in Texas, all of which will be represented at the exhibit, shall be taken care of in the competition which will result when the door of the big agricultural buildings are thrown open.

Premiums, as usual, are to be awarded individuals, but the idea of combining the countless number of individual exhibits into four major exhibits, representing the various sections of Texas, is calculated to so group the entries as to create a competition between sections of Texas.

By MRS. W. A. GILLON

DAVIDSON-LINDSEY.

Sunday afternoon at 2 o'clock Mr. Walter Davidson of Temple and Miss Grace Lindsey were married at the home of Miss Grace's parents, Mr. and Mrs. T. N. Lindsey.

The home was bright and pretty in ferns and cut flowers.

At high noon Mrs. Lindsey served an elegant dinner to the bridal party and the family. In the absence of Rev. Key, Rev. G. C. Tally of Marlin officiated.

Just before the ceremony with Mrs. Joe Lindsey at the piano, Mrs. Key sang very sweetly, "At Dawning." This was followed by Mrs. Lindsey with Mendelssohn Wedding march and as the happy couple faced the minister, the music drifted into "Meditation," played very softly during the ceremony.

Mr. Davidson is a man of fine character, is in the employ as brakeman with the Santa Fe railroad, is a Virginian by birth, but has lived in Texas twelve years. He acted as trainman in France two years during the world war.

Miss Lindsey is the youngest daughter of our well known townsman Mr. and Mrs. T. N. Lindsey, a young lady of sweet personality and loving disposition. On this, the happiest day of her life, she wore a lovely blue coat suit of velour with gray fur and other gray accessories to match and a black velvet traveling hat and carried a bride's bouquet of sweetheart rose buds with shower of valley lilies.

Just the families, officiating minister and Mrs. Key were present.

Mrs. Lindsey served delicious fruit punch and white bride's cake after the ceremony.

Mr. and Mrs. Davidson left on the south bound train for Houston, Galveston and Mexico on a bridal tour.

The Cameron Herald and other friends follow them with best wishes.

GIRLS' CLUB MEETING.

The Girls' club of the Yoe High school met Wednesday afternoon for the election of officers. This club, under the leadership of Miss Tennie Mae Bass, has been very successful in the past and indications are that it will be equally as successful in the future.

Officers elected are: President, Miss Anabel Clinton, vice president, Miss Pauline Green, secretary Miss Willene Barber, treasurer, Miss Mary Jo Harlan.

Program chairman, Miss Mary Young.

Social service chairman, Miss Mary Frances Green.

Social chairman, Miss Louise Adams.

Room chairman, Miss Lola Mae Roberts.

Critic, Miss Florence Butts.

Supervisor, Miss Bessie Wiley.

Foster chairman, Miss Avis Wilson.

Reporter, Miss Mildred Moore.

Club meetings are to be held each Wednesday afternoon and all Junior and Senior girls are cordially invited to attend.

PRE-NUPTIAL DINNER

Saturday evening at 7 o'clock Mr.

and Mrs. Joe Lindsey entertained at dinner their sister, Miss Grace Lindsey, Mr. Walter Davidson and a few others.

Ferns and cut flowers adorned the rooms and the dining table had a center piece of all kinds of cut flowers. Several courses were served consisting of fried chicken, combination salad, creamed potatoes, candied yams, salmon salad, cheese macherino, celery, lettuce, Jello, cake and ice tea.

LITTLE JACK CAMMER ENTERTAINS.

Jack Cammer was 5 years old last Tuesday and gave a little party on the lawn at Mrs. Ed Tucker's.

Twenty-five little boys and girls came, bringing all kinds of presents to delight the heart of a little boy that age.

All kinds of games were played. The big cake with five candles was cut, the ring fell to Buster Harvey and the dime to Theda May Clark, and the thimble to Clayton Sapp.

Mesdames Ed Tucker and Pope Sapp assisted Mrs. Cammer in entertaining and serving the children. Ice cream cones and cake was thoroughly enjoyed by all.

BRIDGE PARTY.

Last Thursday afternoon Miss Harriette Henderson entertained most charmingly with a bridge party. Cut flowers of all kinds beautified the reception suite.

Two tables were arranged with a green and a lavender cover, each table holding a bon bon box of candy to match the color of the table.

Several interesting games were played and the result was for high score Miss Thelma Klatt, and table favors were cut for and fell to Misses Mildred Chambers and Reba Cheeves. Each of these girls were given beautiful pongee handkerchiefs with their initials embroidered on them.

Miss Harriette assisted by her mother and sister served a delicious chicken salad, raisin bread sandwiches, potato chips, pickles, olives, crackers and ice tea. Those present were: Mrs. Thad Epperson, Misses Jaunita Caldwell, Gladys Watson, Reba and Irene Cheeves, Mildred Chambers, Thelma Klatt and Louis Green.

METHODIST MISSIONARY

The M. E. church ladies met at the hall Monday afternoon.

Mrs. Joe Lindsey, the president conducted an interesting lesson on Soo Chow, China.

Mrs. Tom Denson read an interesting paper on the subject.

There were 18 present. Delegates were elected to the district meeting at Calvert. Mesdames R. A. Tag and R. F. Boykin were elected.

FAREWELL PARTY.

Last Thursday afternoon the Kilkare Sigma Phi club entertained at the home of Mrs. Loyd Mitchell in honor of Miss Lillie May Jeter, who was leaving for the Bible Training school at Fort Worth. Just the members were present and a pleasant evening spent with needle work and conversation. Delicious punch was served

throughout the afternoon and at the close a delicious fruit salad, pickles, crackers and ice tea was served.

BAPTIST AUXILIARY.

Last Monday afternoon the Baptist ladies had a get-together meeting. There were fifty in all present. Ten of the ladies came down from Buckholts and one from Rockdale, and one from Jones Prairie. The subject for the afternoon was State Missions, with Mrs. John Martin as leader.

PRESBYTERIAN AUXILIARY.

About fifteen ladies met at the church Monday afternoon for a lesson on Young People's Work. Mrs. J. H. Sapp was leader. Mesdames Henry McFadyen, R. D. Brown, N. H. Butts and Ernest Eggert all read interesting papers or talked on the subject. Charity work and the care of the sick was discussed and attended to, and other plans for winter work discussed.

STATE OF TEXAS,

County of Milam

Bailey P. Turner.

The county court of Milam county has appointed me temporary administrator of the estate of B. P. Turner, with instructions to take charge of all property, collect all debts, etc. All persons owing Mr. Turner will please communicate with me at once, concerning their debts. His trunks containing valuable papers are in the bottoms. Watch for it. Much of his property has been scattered by the recent floods. You are asked to watch for same, and finding any of it, take charge and advise me promptly. Any information concerning his property or debts will be greatly appreciated.

E. A. CAMP,

Temporary Administrator.

P. O. Rockdale, Texas, Sept. 19, 1921.

CARD OF THANKS.

Branchville, Texas, Sept. 19, 1921.

We wish to express to our many friends of Cameron, Maysfield and Branchville, also other our gratitude for the kindness shown Mr. Steger while in the Cameron hospital. Especially do we feel indebted to those who were faithful in rendering daily service for his comfort.

May health and happiness bless each of you as a reward for your Christian service.

Sincerely,

E. W. STEGER,

E. W. STEGER, Jr., Dallas.

MISS EVA STEGER, El Paso.

MR. AND MRS. A. D. STEGER,

(El Paso)

MR. AND MRS. W. R. LOONEY,

MR. AND MRS. A. J. SMITH.

To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues.

A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough.

Both remedies are packed in one carton and the cost of the combined treatment is 35c.

Just ask your druggist for HAYES' HEALING HONEY.

Habitual Constipation Cured

in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 60c per bottle.

NOTICE.

This is to give notice to the public that cotton receipt No. 50617, issued in the name of Frank Valka on the 18th day of Aug. 1921, by the Cameron Compress Co., for one bale of cotton delivered by him to that company, has been lost, and that the undersigned is the legal owner and holder of said cotton, and the public is warned not to accept said receipt or to deal with same in the hands of any other person.

19 2t

FRANK VALKA.

NOTICE TO THE PUBLIC

I have been requested by a number of persons who have lost livestock

in the recent overflows, to insist that all parties that have now or have had possession of any live stock that came out of the flood, to report same at my office at once, where a record will be kept for the information of parties who have lost livestock.

I have been informed that the impression seems to be with some people that they have a claim on anything they get out of the flood. This is not true, and any one secreting or hiding or converting to his own use and benefit any such property, is liable to prosecution, and will be severally dealt with.

Please report all stock at once, and I am sure that owners will be glad to pay reasonable charges.

L. L. BLAYLOCK,
Sheriff Milam County.

LIVESTOCK ENTRIES FOR COTTON PALACE DEMAND MORE SPACE

Waco, Texas.—It has become a problem for the Texas Cotton Palace management to provide sufficient space for the record breaking entry list of livestock sent in for this year's Exposition which begins October 22 and ends November 6 at Waco. Pens for hogs and cattle have filled up rapidly, and as the final date for last entry of premium stock nears, the desk of Secretary Seth Mayfield is piled high each day with entries and inquiries regarding the livestock department.

The 500,000 people who reviewed the Texas Cotton Palace livestock show in 1920 by their acclaim voted it the greatest exhibition of its kind the Southwest has ever seen. Already the entry list of last year has been exceeded, and with cattle herds and hog droves already entered this season from every section of the United States, Texas Cotton Palace directors have stopped prophesying the extent to which this year's livestock pageant will reach. Provision is being made rapidly to take care of the overflow of entries.

Prize herds from Iowa, Missouri, Kansas and Nebraska will reach Waco early in October in preparation for the show, to say nothing of the numbers of herds from various sections of Texas which will arrive for the opening day, being cared for at their respective locations until just prior to the opening of the big Exposition.

COTTON PALACE SPEED DEMONS TO MAKE DIRT FLY IN MASTER RACES

Waco, Texas.—Three days of racing with an automobile card hitherto unsurpassed, makes up plans for that feature of this year's Texas Cotton Palace directors today.

Names are to be emblazoned on the driver list popular in the eyes of automobile racing fans throughout the world.

Dates of the racing days are October 23, 25 and 30.

Dates of this year's Cotton Palace are October 22 to and including November 6.

It is first hand knowledge to every dirt driver of the country that the Texas Cotton Palace track is exceeded by no other dirt track in the United States. As a consequence, drivers who have made fame for themselves in various sections of the country look forward with keen anticipation to the trials of speed at the big Exposition, and this year every possible improvement has been made in the dirt bowl in readiness for the show forthcoming when the gates of the big Exposition are thrown open for the 1921 show.

Premium lists for successful entries are fast being completed. It is estimated now that over \$10,000 in prize money will pass into the hands of the winning individuals and teams.

SUIT OF CLOTHES FOR A DIME!

Waco, Texas.—Imagine buying a suit of clothing for a dime!

Or a plow, or a Ford differential?

And yet, under the plans laid out by Karem temple, Waco Shriners, Texas Cotton Palace visitors this year will be able to buy not only clothing, but almost "anything under the sun." For the Shriners are going to operate a "Country Store," on the Warpath, from October 22 to November 6, the date of the exposition.

Under the plans now laid out, every manufacturer in the country is invited to send one or more samples of his product to the Shriners, who will put it on sale in the country store, every article selling at a dime.

Already a wide variety of "articles" have been received, including everything from Ford parts to a canary bird, suits of clothing to a curling iron. No steam yachts have yet been received.

Two Unknown Men Believed Perished In Little River

Fear is expressed that two unknown white men camped at the McCown bridge during the recent storm and flood have been lost. These men were seen by M. W. Brown of Hoyte on Thursday before the flood and were also seen the night of the storm by two men rescued from tree tops near the bridge in a boat constructed from planks torn from one of the barns at the Sealey Lamkin farm.

Mr. Brown was in Cameron Monday and called at the Herald office. The men were seen by Mr. Brown camped near the bridge on his return Thursday from Rogers. The men are said to have been horse traders. The men who were rescued say the men were camped there the night of the storm. The horse traders have not been heard from since that time.

Nothing was seen of the missing men after the rescued parties were taken from the trees. A story under a Milano date line was carried in the Express regarding the rescue of the men from the trees and the missing horse traders.

WELFARE CONFERENCE TO CONVENE IN HOUSTON

Mrs. C. R. Phillips of Cameron, has received announcement from the Dallas headquarters of the Texas Social Welfare Conference, of the twelfth annual conference to be held in Houston on October 24 and 26th.

Mrs. Phillips is an active worker in the organization and is seeking a chapter for Cameron to be granted at the annual meeting in Houston.

The conference is being held in Houston on invitation of the department of public welfare, Chamber of Commerce and Social Service Bureau of that city.

The program is as follows:

Section 1. "Sanctity of the Marriage Relation," Elmer Scott, Dallas.

Section 2. "Children," Alecia Brown of Dallas.

Section 3. "Juvenile Delinquency and Correction," Judge R. C. Allen of Dallas.

Section 4. "The Family," Dr. John W. Slaughter of Houston.

Section 5. "Our State Health," by Dwight E. Breed of Austin.

Section 6. "Rural Welfare," Prof. M. L. Hays, College Station.

Section 7. "Community Organization and Recreation."

The program will also deal with the treatment of hyphenated Americans.

THREE room house and three corner lots for sale cheap, \$650, across street northwest corner from compress. E. J. Harris, Box 63, Cameron, Texas.

SOUTHWEST STATE NORMAL COLLEGE.

On August 20, 1921, a very interesting meeting was held in room 32 of the Science building in San Marcos, Texas. The following students were present: Misses Laura Adams, Cameron, S. S. Bryant, Rogers, Miss Naomi Criswell, Buckholts, Miss Bess Crosby, Rockdale, Miss Twila Crump, Tanglewood, Mrs. W. H. Lyon, Buckholts, Miss Buena McAnulty, Rogers, Miss Hallie Mundine, Tanglewood, Eudale McWilliams, Thorndale, Hinton H. Prewitt, Rockdale, Miss Margie Richards, Tanglewood, Mr. and Mrs. J. O. Roark, Maysfield, Miss Mary Lee White, Thorndale. This meeting consisted of only a few of the students who attended the Normal College in San Marcos the past summer. There were twenty-eight students doing college credit work and about the same number doing summer normal work preparing for the state examination, from Milam county.

San Marcos is delightfully situated on the San Marcos river and is an ideal place for the location of this splendid college.

The faculty is one of the best in the state, every department being represented by the very best instructors. Special attention is given athletics, with some of the best coaches to be found anywhere. A favorite spot near the college is the swimming resort, Riverside, and swimming is the favorite pastime for students in the summer.

One of the most important adjuncts to the Southwest Texas State Normal College is the cafeteria, which is under the efficient management of Mrs. M. L. Arnold, and which solves the question of the living expenses. A week's record kept by Mr. Arnold shows that the average for meals at the cafeteria amounted to \$4.16 a week. Splendid rooms can be secured near the college at \$6.50 per month.

Any person desiring an education could do no better than to enter as a credit student in S. W. T. N. C. at San Marcos.

(Continued from Page One.)

banker will derive big business as a result of oil men coming into the field and the farmers spending their money with them. Even the hotels and boarding houses will prosper, and land values will soar sky high, and excessive demands for labor will give the laboring man an opportunity to earn more money than ever before in his life. With adverse conditions just now facing the oil men they continue to dig away and hardly a week passes that some new territory is not developed and the great State of Texas made richer through his efforts. The independent operator develops the new territory and not the larger companies and it is only after the independent operators has done all of the pioneering that the larger companies are attracted to the field. With new capital being attracted to the Minerva pool daily the field will have in a very short time enough production to warrant a pipe line and a refinery, as there is a shortage of production of crude oil it is thought that the Minerva crude will bring a premium when contracted for. Some of the operators here claim that the three producing wells in the field are capable of producing up to 100 barrels of high grade crude and the outlook for the future of the field is better now than at any time in the past.

All the preliminary work has been done well by those operators that have drilled wells and as there are

now 10 drilling rigs in the field with several more coming in, and with a deep test started those that are in on the ground floor now will reap the benefit of the future development that is bound to come and which will bring prosperity to Cameron and Milam county. The drilling report follows: Sheerin, Elwell and McCamey, No. 1, Henry, offsetting No. 1 Neihous of the Texas Plains Oil Syndicate, drilling in shale at 500 feet. This well will probably be drilled to completion the middle of next week.

Texas Plains Oil Syndicate No. 2, Neihous, 300 feet north of No. 1, moving on rig.

Oklahoma Bell Oil Company, rig shut down, waiting orders.

J. Z. Hodge, et al, No. 1, Cooper, cleaning out cave around 450 feet.

No. 1, Doss, shut down.

Pete Johnson and James Rumberger No. 1, Manly, shut down for tools at around 660 feet.

Fogel and Marsh, No. 1, Day, moving on rig, No. 1, Moore, shut down.

Bell & Haines No. 1, R. L. Batte, shut down.

Pat Johnson et al., No. 1, Manly Freeman, shut down for drill stem.

NO. 760.

G. O. P. FAILE TO ENACT LEGISLATION IT HAD PROMISED

NOTHING PUT OVER BUT TAX REVISION, WHICH WAS UNJUST, CONNALLY SAYS.

(Temple Telegram).

Republicans have failed in all of their campaign promises for beneficial legislation, according to Congressman Tom Connally of Marlin, representative of this district, who was in Temple yesterday.

Republicans have passed none of the important legislation they promised, and the tax revision has been inadequate and the aid it purports to carry is misleading, Connally said.

Despite the success of Obregon's government in grappling with Mexico's problems and its demonstration of its ability to handle the situation there, the American government still has not recognized this regime, which the congressman says he believes should be extended.

"Congress recessed for a short period," he said, "and I came home for the recess. On Monday I expect to leave for Washington for the session which commences on September 21st."

"The republicans so far have failed to enact any of the important legislation which they promised during the campaign. They have failed to revise the tax laws in behalf of those who really need relief. The house passed a tax measure that is now pending in the senate but it does not afford relief to those who need it worse."

"A high protective tariff bill passed the house but is still pending in the senate. Its rates are so high and it discriminates so unjustly against the consumers and in favor of the manufacturers that protests from all parts of the country against its provisions come thick and fast and republicans therefore have announced that it will not be passed by the senate until after the disarmament conference is held."

"The prosperity of the south and west depends upon the foreign markets for their surplus cotton and wheat. A tariff that prevents Europe sending the United States goods to pay for our cotton and wheat means a loss to the south and west and a double profit to the manufacturers of the north and east, who will sell their goods at higher prices and buy ours at lower prices. The removal of European competition in manufactured goods will allow American manufacturers to charge more for their goods to American consumers, and the failure of Europe to buy out raw materials will in turn permit American manufacturers to buy our cotton and other raw materials for less."

"While the democrats are in the minority in the house, yet they were able, during debate on the tariff bill, to forcefully point out the inequity and injustice of the measure in such fashion as to attract the attention of the whole country. Public interest has been aroused and as a consequence the republicans in the senate are delaying action on the tariff and may modify some of the objectionable features."

"So far the present administration has declined to recognize the Obregon government in Mexico. Obregon has been able to put down insurrection, and for the first time since the days of Diaz he has been able to preserve order and protect life and property. Thousands of American citizens have claims against Mexico aggregating many millions of dollars. President Obregon has proposed that, in the event his government is recognized, a joint American and Mexican commission be appointed to advise and settle those claims. General Obregon's administration has been conducted with wisdom and a respect for foreign governments and their nationals, and I believe the United States should officially extend recognition."

FRED KENNEDY IS NAME OF DEAD MAN

(Rockdale Reporter.)

It has been quite definitely proven that the body of the white man found by the Rockdale searchers Tuesday on the Minor tract was that of Fred Kennedy, a young man who came to Rockdale five or six weeks ago, and who had been employed by Bailey Turner on his farm for several weeks.

This young man lived in Cameron for a year or more before coming to Rockdale, and worked for C. H. Landis, now proprietor of the Sap Hotel in Rockdale. Mr. Landis' description of the man and his clothing tallies. Also, about a week before the flood he met Kennedy on the street and talked with him and Kennedy told him he was working for Bailey Turner out on the Gabriel.

Young Kennedy was from somewhere in South Texas, where he had a widowed mother, but further than that Mr. Landis is not informed. He had only recently been discharged from the army when he came to Cameron.

OPEN NOSTRILS! END A COLD OR CATARRH

How to Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headache—no struggling for breath at night.

Get a small bottle of Ely's Cream

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 75c per bottle.

Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure, adv.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of

Charles H. Fletcher

and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment. Never attempt to relieve your baby with a remedy that you would use for yourself.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

PRICES OF FOOD

UP IN AUGUST

Increase During Last Month Is Average of 4.3 per cent Compared With July.

Retail food prices increased an average 4.3 per cent in August as compared with July prices, according to figures made public today by the department of labor. The statistics were compiled from reports of 51 cities.

Potatoes increased 24 per cent during the month, eggs 13 per cent, pork chops, cheese and cabbage 13 per cent, butter 10 per cent, lard 8 per cent, sugar 6 per cent, canned tomatoes 5 per cent, ham and oranges 4 per cent, nut margarine 3 per cent, plate beef, fresh milk, oleomargarine, corn meal 2 per cent, and bacon, rolled oats, rice, canned corn, canned peas and prunes one per cent. The prices of chuck roast, hens, wheat, cereals and macaroni increased less than one-half of one per cent.

The price of bananas dropped 5 per cent during the month. Other decreases included leg of lamb 3 per cent, canned salmon, flour, onions and raisins two per cent, sirloin steak, round steak and rib roast one per cent.

Tea decreased less than one half of one per cent. Prices remained unchanged for evaporated milk, bread, cornflakes, navy beans, baked beans and coffee.

Food prices increased during the month in New Orleans 5 per cent, Houston 3 per cent, Dallas 2 per cent, Little Rock and Memphis one per cent.

TEXAS' BONDED DEBT.

(George B. Terrell, Commissioner of Agriculture.)

The report of the State Comptroller for the year 1920 shows that county bonds to the amount of \$79,094,853.36 have been issued, and that \$55,940,351.54 in city bonds have been issued.

The last report of the State Highway Commission shows that \$87,887,000 in county and district road bonds were issued during the years 1919-20.

This makes a grand total of \$222,922,204. There may be some duplication in these county bonds as reported by the Comptroller and the Highway Commissioner, but I take it that these figures are not greater than the total bonded indebtedness of the counties, cities and subdivisions of counties.

The annual interest on these bonds at 5 per cent would be \$11,146,110.24 that the people have to pay. They sell below par, ranging from 85 cents to 95 cents, or an average of 90 cents. This is a loss from the par value of the bonds of \$22,292,220.48. A commission of about 2 1/2 per cent is usually charged for selling these bonds, and this, makes a further loss of \$5,573,055.12, which added to the loss by discount makes a total loss from par value of \$27,865,275.60. If we add to this amount the usual interest of \$11,146,110.24 which must be paid, we have a net loss of \$39,011,385.84.

These figures are given for the purpose of encouraging some serious thought along practical business lines, and to determine, if possible, how much longer we can continue this policy of issuing and selling bonds below par without bankruptcy or repudiation.

With the Federal Government having a bonded debt of \$24,061,095,361.36 and her bonds selling at 85 cents to 90 cents on the dollar, and all the states, counties and municipalities in the United States issuing millions of dollars in bonds annually, which are selling below par, is it not time to call a halt?

KENNEDY RANCH NOTES.

We are glad to see this glorious sunshine after the great disaster that has just visited this section and neighboring communities.

Mr. Ulmer Brock had the misfortune to lose his team which were in the bottom.

The Connesha residence was moved by the high waters and damaged badly. They having expected this to happen left for high ground, having placed their household goods up stairs, but the doors were burst open and most everything was lost.

Mr. Bernshort lost several of his fine Holstein cows and somewhere around twenty head of hogs.

Mr. Percher lost six head of mules and horses, three having been alive and three drowned.

Many others lost but we will not try to name all yet. We that were above high water send our deepest sympathy to our neighbors.

One of the saddest disasters befell the white family camping at Hogan crossing bridge on Brushy creek. They took refuge in trees where they were from one o'clock Friday night until

stream in a pasture, where it was almost impossible to reach without a boat, and there was none near. On Sunday morning the man decided to swim to high ground one at a time with them, there being three children, two women and the man. As he left one of the children fell in, another tried to catch it, so both went down, then the mother jumped in, but seeing that she could not save them, had to swim for her life. By the time the man reached the children both were dead. They then went to Mr. Snider's home where he furnished a horse to bring the little dead ones out on. Then they were fed, clothed and given shelter by Mr. and Mrs. Snider. The neighbors all gathered and every respect that could be showed was given, and the hearts of each goes out to the relatives in this sad hour. We are unable to give the name of the family.

An hour after they had left the tree help swam for a great distance trying to reach them on both sides. On the west were Ernest and Herman Tittsworth, Will Heiser, Ulmer Brock, W. Haig, Barty Brothers and several others and from the south of the crossing A. M. Hill and Lovie Taylor swam for a great distance to try and rescue them.

Miss Margarette and brother, Scott Bonds were guests of Mrs. Lennie Tittsworth the last week end.

Sunday before last Mr. and Mrs. Elmer Tittsworth had the pleasure of entertaining in their home A. M. Hill and family, Mrs. Jennie Hill, Mrs. R. B. Tittsworth and family, Miss Prudence Allison, Evaline Partain and Lillian Hill and Grover Partain of Conoley.

Mr. and Mrs. A. B. Bonds gave a singing which was enjoyed by a number. Mr. and Mrs. Wilson of Thornedale, Miss Lillie Tucker of Salty, Misses Prudence Allison and Evaline Partain and Lillian Hill of Conoley were among those who attend from other communities.

Little Robert Tittsworth was very low last week, Dr. Lawrence having been called to his bedside.

A FINE OLD HOME PAPER

Tune—A Fine Old English Gentleman These magazines with gravures and all these works of art, Are very well for city folks who live by lint of mart;

But give me first and foremost, I hold it is the prime— That fine old home town paper—one of the gold old time.

The printin' isn't perfect, the ink's not uniform, The type is set by hand perhaps—considerably overworn,

The dear old press—I know it well—it's overed o'er with grime— But it prints that old home paper—one of the good old time.

I look for it each week as regularly it comes, And when the postman brings it in, I drop all other chums,

I drink it in, from start to fin, ridiculous and sublime, That fine old home town paper, one of the good old time.

Smith's cat may have some kittens; Jones is putting in new pumps, My girl chum has got married and the kids have got the mumps.

Jack Wiltsey's built a lean to, Johnson's roses upward climb Oh! I love the old home paper, boys, one of the good old time.

—Geo. E. Wray.

MESQUITE RIDGE.

A. M. Hill and family visited E. Tittsworth Sunday.

Miss Emma Swartz of Austin visited Mrs. Pompney Sunday.

Mr. Bascom Hill was in our neighborhood Wednesday.

John Hill visited Jim Pompney Sunday.

A. R. Ramseur was out on his farms Monday.

Mr. Peeples was in town Wednesday.

Miss Prudie Allerson, Evibine Pardon and Lillian Hill all visited Mrs. Jewel Tittsworth Sunday.

Mrs. Cummins has a fine boy at her home.

Lyle Conoley has been on the sick list.

Mr. and Mrs. Young were in town Tuesday.

Mr. Davis of Keauggiss was in our midst last week.

A. M. Hill was in Taylor Saturday. Weldon Ramseur and Norman Clement were out in our neighborhood Saturday.

MORE BODIES ARE FOUND THURSDAY

(Rockdale Reporter.)

Rockdale searching parties Thursday found three more bodies in addition to that of Bailey Turner.

G. C. Murray was at the head of a party which found the remains of

Gabriel River near the Turner farm. The remains were buried nearby.

A party headed by E. A. Camp found the bodies of two Mexicans across Little River opposite the Lensing place. One, a man, was recognized as a member of the Minor farm crew. The other was that of a boy about eight years of age. The man was completely covered in the mud except one foot, while the body of the boy was found in a tree top. These bodies were brought to town and interred Thursday night.

SAN GABRIEL GOSSIP.

Sept. 16.—Our flood of Friday night and Saturday, the most terrific ever known here, though now a thing of the past, will long live in the memory of those who were in the reach of its waters that brought death, destruction and ruin to man, beast and all bottom crops. Our iron clad bridges that seemed strong enough and high enough to withstand the waters of ages were swept away like bubbles in the air.

After the waters had gone down sufficiently the men from here went to Alligator in hopes of securing some bodies from the floods. They found Mr. Lee Brown's dead body and a little Spanish girl who was still alive. She was brought to Mrs. H. E. Felton's. She was very hungry and weak at first, but is doing nicely at this writing.

Our teachers from this community, who were attending the institute in Belton, are still absent from home. We hear that Miss Ora Yeager has reached Thrall and Miss Ruby Willie in Taylor, Mrs. Viva Camp has not been heard from, but is supposed to be in Temple with her brother and wife, Mr. and Mrs. Brian Woody.

Miss Annie May Camp, one of our best lady equestrians, while taking a spin through the country last Sunday afternoon had the misfortune to be thrown from her horse, whose foot became tangled in an unseen wire across the road. She was considerably bruised about the face, three front teeth loosened and severe cut on the lips, both of which have interfered very much with her ability to consume the good things that are placed before her. She says she is a cheap boarder this week.

Our trustees with the help of the mothers, fathers and brothers and sisters who are interested in the school are busy this week cleaning up the school building which was damaged very much by the high waters. In some of the rooms water windows, while in others it was not so high. All of the floors were injured and the mud deposited is something fearful to get rid of. Those at work led by our splendid trustees deserve much credit for their untiring energy and determination to do this work and do it well.

Miss Virgie Winford one of our young lady teachers has been visiting in the home of Mrs. Charlie Fokes of Temple. The floods of the past week detaining her.

Miss Lillian Barclay is now in Temple, teaching in the Central Grammar school.

Miss Catherine Glascock is spending the week in Thorndale with her aunt Mrs. Willie Davis.

Little Ruth Eileen Faulkner is listed with the sick this week.

Seth Glascock was one of the unfortunates in the flood, having lost his dwelling house, barn and other out houses. Most of his stock and all of his crop. He and family barely escaped with their lives, but for his brother-in-law, John Young, who was spending the night with him, he could not possibly have saved all of his children.

The home of John Young stood 4 feet in water, the family, fortunately, being away the night of the flood.

A Houston Chronicle reporter visited our community Thursday, gathering up flood items for the paper.

"God works in a mysterious way." The little dog owned by Leonard Goss was the means of waking up his family when the water stood two feet in his house. Barking and pulling at the covers of the bed Mrs. Goss was finally aroused to find themselves surrounded by water and their clothes floating around in the house. Mr. Goss saw his pants in time to save them from floating out through the open door.

Those who sustained the greatest loss in our little village were Messrs. Elmer Outlaw, Will Lee, Herman Cook, Clarence Baird, Arthur Glascock, Harry Clark, Warner Terry, Will Baird and Jamie Clark.

Mrs. May Young and little son Joe spent the first of the week in Thorndale, visiting her sister Mrs. Willie Davis.

Messrs. Henry Camp and H. E. Felton were in Cameron on business Thursday of this week.

Miss Ursula Outlaw left today for a party which found the remains of

of the same person.

of the same person.

of the same person.

RAINS AND NORTHERS ON TAP FOR OCTOBER

Eagle Pass, Texas, Sept. 17.—Billie Hart dishes out several northers and considerable rain for October. Following is his forecast for probabilities:

Oct. 1.—Fair.

Oct. 2 and 3.—Heavy rain, thunder, lightning, cold norther, South Central Texas, San Antonio and Austin. Southeast Texas, Gulf Coast, Houston. Southwest, Gulf Coast, Texas, Corpus Christi. Northeast Texas, Paris. Central Texas, Waco. West Central Texas, Southwest Texas, Del Rio, Uvalde, Eagle Pass. North Texas, Fort Worth. Northwest Texas.

Oct. 4 and 5.—Rains, South Central Texas, San Antonio, Austin. Northeast Texas. West Central Texas. Central Texas, Waco. Southeast Texas, Gulf Coast, Houston. Southwest Gulf Coast Texas, Corpus Christi. Northwest Texas. Southwest Texas, Del Rio, Uvalde and Eagle Pass.

Oct. 6 and 7.—Heavy local rain, thunder, Southeast Texas. Gulf Coast Houston. South Central Texas, San Antonio and Austin. Northeast Texas. Southwest Gulf Coast Texas, Corpus Christi. Heavy rain and hail Marfa, Texas. Local rain North Texas.

Oct. 8.—Fair.

Oct. 9.—Local rain, cold norther, North Texas, Northwest Texas.

Oct. 10 to 15.—Fair, cool.

Oct. 16 and 17.—Rain, Northwest Texas.

Oct. 18.—Local rain, Northwest Texas, Uvalde, Eagle Pass.

Oct. 19 and 20.—Heavy local rains, West Central Texas, San Angelo, Central Texas, North Texas, South Central Texas, San Antonio. Northwest Texas, Southwest Texas, Del Rio Uvalde and Eagle Pass. Northeast Texas, Southwest Texas Gulf Coast Houston. Southwest Gulf Coast, Texas, Corpus Christi.

Oct. 21.—Fair, norther.

Oct. 22.—Fair.

Oct. 23.—Hurricane, heavy rain, Gulf Coast, Alabama, Georgia, Florida, Louisiana and Mississippi. Local rain Northeast Texas.

Oct. 24.—Fair, norther, freezing frost North Texas, Northwest Texas.

Oct. 25.—Fair, cold.

Oct. 26 to 28.—Fair, mild.

Oct. 29.—Local rain (norther, Northwest Texas.

Oct. 30 and 31.—Fair, warm.

NOTICE.

This is to give notice to the public that cotton receipt No. 50617, issued in the name of Frank Valka on the 18th day of Aug, 1921, by the Cameron Compress Co., for one bale of cotton delivered by him to that company, has been lost, and that the undersigned is the legal owner and holder of said cotton, and the public is warned not to accept said receipt or to deal with same in the hands of any other person.

19 25

FRANK VALKA.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

Sold by DRUGGISTS, Toledo, Ohio. Hall's Family Pills for constipation.

BIG EATERS GET KIDNEY TROUBLE

Take a glass of Salts before breakfast if your Back hurts or Bladder bothers you.

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

COLLEGE INDUSTRIAL ARTS

(State College for Women) Denton, Texas.

The College of Industrial Arts offers the following advantages to Texas girls: (1) a pleasant, healthful, and accessible location in the state of Texas, (2) an unimpeachable moral and religious environment, (3) freedom from distracting internal and external influences which tend to lower the morale of the student body and the value of the work of the College, (4) a standard of living that discourages extravagance, and promotes a democratic spirit in keeping with sound economy and with the best American traditions, (5) courses of study that combine sound culture and accomplishment with preparation for practical, useful living; that chiefly keep in view the needs of the present and the future; and that are flexible enough to allow, within safe limits, conformity with the aptitudes and inclinations of the individual student, (6) a faculty of college and university trained specialists—men and women of maturity, scholarship and demonstrated teaching ability, (7) an administrative system that develops initiative, resourcefulness, and self-control on the part of its students and fosters the highest ideals of character and conduct.

It is a College of the first-class and gives literary, technical, and vocational training of the best quality, designed to develop mental discipline, social culture, spiritual vision, and efficiency. It confers the degrees of bachelor of arts, bachelor of science, bachelor of music, bachelor of business administration, and bachelor of literary interpretation; awards vocational diplomas and certificates, and issues teacher's state certificates.

The next session of the College opens Tuesday, September 20, 1921. For further information or for the latest catalogue, address:

F. M. BRALLEY, LL. D., President, College of Industrial Arts, Denton, Texas.

THE MAN WHO SAVES YOU MONEY.

RESCUE CREWS PUSH WAY INTO RIVER BOTTOM

150 WORKERS IN SEARCH OF
FLOOD VICTIMS' BODIES
IN RIVER AND CREEK

Thorndale, Texas, Sept. 16.—(By Messenger to Taylor.)—"Never before in the history of Thorndale did the water accumulate so fast in Brushy Creek and San Gabriel river," B. H. Camp, prominent local citizen, told me upon my arrival here. Mr. Camp was born and raised here, and his father was a pioneer to this section. His statement is authentic.

Up to Thursday night a total of 65 bodies had been recovered in this vicinity. One white man, Charles Sullivan, was found a corpse near the forks of the Brushy and San Gabriel in the afternoon. Mr. Sullivan was the companion of Bailey Turner, a prominent farmer who resided near the forks at the time of the disaster, and both were lost. A reward of \$500 had been offered by Rockdale people for the recovery of Mr. Turner's body, and it was found late yesterday two miles from his home.

This was the section of greatest casualties thus far recorded in the Central Texas flooded area. However, it is thought that when the rescue workers are able to get into the bottoms of the San Gabriel below where the Brushy empties into it, in the vicinity of Cameron, a greater number of bodies will be recovered. So far that section has been impassable because of debris and mud. A crew of 150 workers are slowly penetrating it from Rockdale. Sullivan's body was the first taken out of that area, and they have only started into the forks section.

Bodies are being found daily in the huge piles of drift matter that is piled along the San Gabriel. The total loss will be high. Immediate interment is necessary, and in many cases no identification can be made.

Thorndale's Narrow Escape

The peak of the storm hit Thorndale Saturday morning, and the town was isolated until Tuesday at 9:30 a. m. when the railway telegraph wire of the International and Great Northern was put in order. The first commercial wires were connected Wednesday evening. The International and Great Northern tracks were badly washed out in several places, and rail transportation to Taylor will not be resumed before Sunday or Monday at best. Bridges were out on the highways, the first travel being late Wednesday afternoon. However, the water did not come up into the town of Thorndale, though it was at its limits.

Thursday 50 persons were reported destitute in the river bottoms. A chapter of the Red Cross was organized by Field Director S. Arthur Shaw, who arrived here Wednesday evening, and Thursday they were gathering clothing and provisions which were sent out to the victims.

Just east of Thorndale the railroad grade, 20 feet in height, was leveled by the flood waters. A mile of track and bridge trestle of the International and Great Northern across the Brushy was washed away. The San Gabriel river spread out to a distance of three miles width north of Thorndale, and down by the forks it was seven miles across.

From Thorndale we drove to the village of San Gabriel, an inland town seven miles north of here, which had been cut off from all outside communication until Wednesday evening. It was necessary to make a 12-mile detour to reach the San Gabriel bridge, about a mile this side of the village. The bridge was swept off its pillars and junked on the south bank in a twisted mass. Local people have established a flat boat ferry for passengers, which is operated without charge. Lum Holloway, age 15, handles the paddle power. Lum lives in Harrisburg, Texas, and was visiting relatives at San Gabriel.

Found Hanging in Tree.

At this point many gruesome sights were prevalent just as the waters were receding. The body of a Mexican woman was found hanging from a tree, head down. One body was found which could not even be identified as to whether white, Mexican or negro. The only sign of identification on one woman was that she had red hair.

Over on Alligator Creek, just north of San Gabriel village, many lives were lost. Of the Brown family, Mr. Brown and his mother were lost, while his wife and a guest in the home escaped. The 9-year-old Cass boy's body has been recovered, also one unidentified white boy's

corpse.

The bodies of all those missing on Alligator Creek, with the exception of one Mexican baby, have been recovered.

I had an interesting interview with one of the Alligator Creek sufferers who escaped death by a close margin. Her name is Minnie James, a coy little Mexican girl of 16 years. She was extremely modest in her recital, most of the information being elicited by questioning on my part. The family, consisting of the father and six children, had come from their home to pick cotton and were camping on the creek when the storm broke. They all went to the cotton gin for safety, where the father constructed a crude raft when he saw the building was sure to go. All of them but Minnie got aboard the raft, which was torn asunder in the current. The father and eldest daughter made it to a tree and escaped. The two sons, Robert, 10, and Miguel, 8, and two daughters, Francis, 14, and Mary 12, were swept down the current and lost.

A Little Girl's Plight.

When Minnie left the gin she was astride a bale of cane hay. In the swirling waters she traveled. She was upset several times and often thought she could not last, but she hung on until in the darkness she bumped into a tree, which she climbed, and remained there from about 2 o'clock Sunday morning until late that evening. After staying in the tree all day, she decided she would discard her clothes and attempt to swim to the bank.

At this moment she heard voices of men, and she kept very quiet. It was the rescue party from San Gabriel—but how was a timid little Mexican girl to know who they were? She had spent a night and day of terror, hearing the stream roar by in the dark, and with the sun's coming witnessed the dead things and debris float by. Minnie wasn't looking for any man. What she needed was the mothering arms of a woman to soothe her in her terrified condition. And she found just that. Seeing the men wading, she came down out of her tree and tried to hide in the bushes, but she walked right into the rescue party. They asked her why she had not yelled. She was too scared to talk. She admits it.

So they took her to the home of Mr. and Mrs. H. E. Felton in San Gabriel village, where we found her. Mrs. Felton told me she was an exceptionally bright girl and very brave. Under this good woman's kind care she has regained her composure, or I should say her fright, for Mrs. Felton insists that Minnie has never seemed excited since she arrived at her home.

Mexican Family Lost.

On the Felton estate, east of San Gabriel village, a family of 10 Mexicans resided in a small house. They were swept downstream in their home, only two escaping. Five of the other eight bodies have been recovered.

There was a heavy loss of live stock in this section. Cattle were seen to land from the raging waters, only to lie down and die from exhaustion. In one instance a cow seemed to go mad after reaching the bank, and took out after two men, who evaded her by dodging through the debris. Other cattle would reach the shore and then go back into the stream and drown.

Frank Worley, living two miles east of the village, had 85 head of cattle swept away. He has located

24 head alive, finding some as far as 15 miles from where they started down the San Gabriel.

John Drummond, four miles east of the village, lost all of his live stock.

Clyde Lawson, five miles east of the village, lost all his stock and his crop.

Forty-two bales of cotton that floated away from the yard of H. H. Camp, just east of the village, were being recovered seven to eight miles downstream. Mr. Camp's fine home is on a hill and the water only reached the fence of the front yard.

An acre of ground covered with about 150 hives of bees, west of the village, was inundated and the insects driven from their homes, attacked passersby.

One cow was found hung in a tree. It was necessary to kill her.

A mule was found alive in a tree in this section, and was rescued unharmed.

A negro living in the village, woke up in the night and felt his bed wet. He could not understand what was wrong. When he started to get up his feet went into the cold water, and he discovered he was floating around in the room. He vacated.

J. J. Dunham, age 70, effected a heroic rescue of seven Mexicans from a tree with a boat Sunday morning. There were eight in the family, but one had fallen into the raging torrent and drowned.

For some years it has been thought that an Indian graveyard existed west of San Gabriel village. Upon several occasions in the past skulls had been unearthed on this site. This flood substantiated this legend by unearthing several hundred arrowheads. Small boys have gathered them for souvenirs.

Another freak of the storm in this section occurred on the Felton estate, joining Camp's place on the east. Here was a level field before

Old U. Tell'em sez.

the flood. The water had eaten off half of it, leaving a drop of from two to four feet, and two deep holes about 10 feet deep, filled with water. I can hardly give you a description of this phenomena, except by comparison.

Strange things, these floods.

TEN THOUSAND A DAY
FOR ADVERTISING

William Wrigley of chewing gum fame, spends \$10,000 every day for advertising. He must get results or he would not have the money to spend. Other advertisers must also get results from their expenditures and some of them are enormous. For instance pick up the Saturday Evening Post and it is never lacking for ads. Its color page sells every week for \$8,500 and the other pages bring the same figure and black and white pages sell at \$7,000 per issue. The centerspread brings in \$17,000.

Piles Cured in 5 to 14 Days

Druggists refund money if PAZO OINTMENT fails to cure itching, Blind, Bleeding or Protruding Piles. Instantly relieves itching Piles, and you can get relief after the first application. Price 50c.

Our bread is welcome in the most polite circles. It never fails to please the most particular people. Day by day the year around it is consistently good. Order it by name.

**LONE STAR
BAKERY**

Miss Florence Hughes of Yoakum who had been attending the Teachers Institute at Belton returned Tuesday to her home, having been detained here on account of the flood, was a guest in the home of Mr. and Mrs. Robt. McLane and family.

No Worms in a Healthy Child
All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and set as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 50c per bottle.

SEED For Fall Planting

Now is the time to plant a Fall Garden. We have a good stock of Onion Sets, Turnip Seed in package and bulk. Rape seed, and all other kinds of new garden seed. See us for Groceries. We can save you money.

Ford
THE UNIVERSAL CAR

Fordson

The Ford Motor Company have just issued a book called "The Fordson at Work." This book is given free. Call in and get one. If you cannot call, write and we will mail you one without charge. It is not what the Ford Motor Company says about the Fordson Tractor but what the army of users have to say. This book voices the hardest kind of practical experience. It shows in illustration the Fordson Tractor at actual work along some ninety different lines of activity. It shows in these illustrations the wonderful versatility and utility of the Fordson Tractor. Shows it to be, beyond all question, the one bit of machinery that is a necessity, not only on the farm but along many lines of commercial business, especially does it show up the Fordson as a valuable servant on the farm. With it the farmer is relieved of the hard work, because he can take advantage of the weather in preparing his seed bed, he can do it at the right time, the same is true when it comes to harvesting. It solves, to a great extent, the problem of scarcity of labor.

With its wonderful, reliable power, it brings to the farm home all the conveniences, in the way of running water in the house, electric lights, operation of the washing machine, churning, separating the cream from the milk, it assumes and takes to itself the drudgery of farm life both in the field and in the house and it is only a matter of a few years until it will be as universal in its service on the farm as is the farmer himself. It will become a part of farm life, a beneficial part, a profitable part. Get order in for there's a rush coming.

THORNDALE NEWS

BY FRED M. HERNDON

THORNDALE HAS NEW DRY GOODS STORE OPENED HERE

BY I. MARKS.

Mr. and Mrs. I. Marks of Austin arrived in Thorndale Monday morning and began immediately the work of placing a new stock of goods in the building next to the post office and expect to be ready for business about Saturday of this week. The new store is a branch of their store at Austin, known as the Popular at 513 Congress avenue, where they have been in business for a number of years. They will carry a full line of dry goods, shoes, men's and ladies' ready to wear.

The name of the new store here will be The Economy according to Mr. Marks who stated that the store could also live up to its name, just as their Austin store has done.

The news man, being inquisitive, asked Mr. Marks how he came to select Thorndale for the new store. Mr. Marks stated that he came through here several weeks ago on his way to Rockdale for the purpose of establishing the new store there and in driving through Thorndale with Mrs. Marks noted the clean and prosperous appearance of the city and was immediately impressed with the looks of the town and its people and the rich territory surrounding it. After visiting in Rockdale he was so favorably impressed with Thorndale that he came back here and closed a lease on the building next to the postoffice and as came here to make his home. Both Mr. and Mrs. Marks are pleasant people to meet and The Champion trusts their stay here will be both pleasant and profitable.

W. H. DICKINSON AND M. C. SMITH, RESIDENT AND TREASURER OF THE TWIN CITIES PRODUCTION COMPANY OF MINNEAPOLIS, WERE VISITORS TO THE BREMOND RANCH DEEP OIL TEST DURING THE RECENT FLOOD IN THIS SECTION. THEY CAME BY TRAIN OF LEXINGTON AND WERE TIED UP AT THE PHILLIPS RANCH ON THE LOCATION FOR SEVERAL DAYS DURING THE HIGH WATER.

They were well pleased with Thorndale when they did finally get to town and were profuse in their appreciation of this clean little city and its people. Both these gentlemen are well known wherever oil fields abound, and are interested in the deep test here. They were well pleased with the manner in which Ralph Babcock has handled the test here and have not lost hope of eventually bringing in a well in the Shelby Phillips tract here.

In order that they may "keep a line" on Ralph they will both receive The Champion each week during the next twelve months.

E. L. RAMSEY WILL MOVE TO WACO AND ENGAGE IN BUSINESS THERE.

Mr. and Mrs. E. L. Ramsey have returned from Waco where they were visiting when the flood hit this section. Mr. Ramsey announces the sale of his residence property here to I. G. McGinnis and will move to Waco some time during the coming month where he will engage in business.

Mr. and Mrs. Ramsey completed their twentieth year as residents of

Thorndale yesterday, as Mr. Ramsey stated "coming here before the first cement sidewalk was built."

For 19 years Mr. Ramsey was editor and publisher of The Thorn, having established that paper here on September 5th, 1901. He published The Thorn continuously from that time until he sold it to the Terrell Publishing Company, owners of The Champion who consolidated the two papers under the name of The Champion.

Mr. and Mrs. Ramsey have many friends throughout this section who wish them every happiness and prosperity in their new home.

SIXTY-TWO LIVES LOST IN FLOOD IN TEN MILE RADIUS OF THORNDALE.

It will probably never be known just how many lives were lost in the flood waters of the Gabriel and Brusmy in the ten-mile radius surrounding Thorndale but from reports that have reached the city, and as yet thoroughly checked and verified 63 bodies have been reported found and most of them buried near the places where they were found.

The local chapter of the Red Cross is making an effort to recheck these reported losses but have been handicapped in their efforts in running down rumors and reports that came in from every direction.

Commissioner Moore is making every effort to get bridges back in places and repair the most damaged places in the various roads in this section of the country so travel can be resumed and needed relief sent forward at the earliest possible moment. Tents and cots ordered here by the Red Cross are for use of refugees who had their homes washed away and damaged so badly that living in them would cause severe sickness and possibly an epidemic.

The I. & G. N. railway completed their repair work between this city and Taylor late Saturday afternoon and passenger and freight service was resumed at once, and with connection established with the outside world again Thorndale breathed a sigh of relief. Train and mail service had been out since the Friday before.

The local Red Cross organization is deserving of much credit for the excellent manner in which it has gone to the relief of the distressed and needy in this section. Although the work was slow in getting started it has done a wonderful work in alleviating the suffering of those in the bottoms who lost all, or nearly all of their belongings. The various committees, as published in The Champion of last week set to work with a will and have accomplished a great deal toward making life comfortable again for many flood sufferers in this immediate section and the work will be enlarged just as soon as communication can be established through their sections.

THE PARENT-TEACHERS ENJOY SPLENDID SOCIAL HOURS AT SCHOOL FRIDAY.

A large and enthusiastic attendance was had at the meeting of the Parent-Teachers meeting called for the school auditorium last Friday evening by Miss Emma Saller, presi-

dent of the association.

The program as printed in The Champion of last week was followed and was enthusiastically received by the large audience.

The social hour following the program gave the patrons and friends of the school an excellent opportunity to meet the new teachers of the faculty and renew friendships with those who are back again.

The keynote of the meeting was the further co-operation of parents and friends with the teachers in furthering the interests of the schools and the pupils.

In speaking of the schools, Jones Clement, secretary of the School Board stated that "the school is no stronger than the people intend it shall be. The high ideals of a community are imparted to its schools."

A community with scrub stock and razor-backed hogs will have a school along these same lines with children correspondingly the same. A community with pure bred stock, registered and ribbon winners will have just the same kind of schools and the same kind of children."

The Parent-Teachers association will meet on the first Friday afternoon in each month at the school auditorium immediately after 4 o'clock. The social hour of the association will be held each first Friday evening in the auditorium at 7 o'clock. The next meetings will be held Friday, October 7th, and ever parent, patron and friend of the school is asked to attend and co-operate with the parents and teachers in this greatest of all work toward bettering the local schools.

Veteran of Civil War Still Hale and Hearty

GEORGE D. SHAW, Springfield, Mass.

"To say that I feel twenty-five years younger, twenty-five years healthier and twenty five years stronger express what Tanlac has done for me better than any other way I can put it," said George D. Shaw, veteran of the Civil War, who now lives at 321 Walnut street, Springfield, Mass.

"I am now seventy-eight years old and I don't hesitate to say I have never known a medicine to equal Tanlac. For fifteen years I was subject to attacks of indigestion that were so bad at times I would have to lay up for a week or two. For a long time I lived on crackers and milk alone as nothing else agreed with me.

"When I started on Tanlac I weighed only one hundred and seventeen pounds and my days were thought to be numbered. I've been so wonder-

fully built up, I now weigh one hundred and forty-three pounds and my stomach is as sound as a dollar. In fact, I believe I could eat the old army rations again without it hurting me in the least.

"I never miss a chance of saying a good word for Tanlac and I would like to urge the boys of the 'Sixties' who are not feeling right to give it a trial, for I am sure it would put them in line again just at it has me. For a man of my age to have no physical ailment, to be well and strong and enjoy life as he did twenty-five years ago, is certainly something to be thankful for and there is nothing too good I can say for Tanlac."

"Tanlac is sold in Cameron by New Cameron Drug Co., in Rockdale by Baldridge Bros., in Milano by E. C. Smith and in Burlington by the New Drug Store. adv.

OAKDALE NEWS.

By MRS. SID HAUSE.

Oakdale, Sept. 19.—It is useless to say that we had one of the worst rains in several years.

School opened at Milano last Monday. Elbert Oneal and Frank Fasel of our community started, and when it got so people could cross the river William Spraberry went over to start to school at Cameron. He will board with Mrs. Casey, his grandmother.

Robert Wimberly of Clarkson spent last week with his Uncle Victor Wimberly.

Elie Spraberry of Houston spent a part of last week with his brother Jim, and sister Mrs. Tom Niles of Milano.

Mrs. Roy Hawbaker has returned to her father, Mr. Oneal's. She was at Temple to visit her brother Mr. Hawbaker.

Mr. and Mrs. Clyde Hensley have been worried very much on account of his sister Mrs. Shelton at San Antonio. They of course thought the family was washed away, but got news Friday that they did not live in the flood district, and Mr. Shelton was off duty that night, so they are safe.

While it was raining last Friday Mr. G. W. Batey had a phone message from Milano that their son, George's wife was there and wanted to get out here, she is from Key West. People

will remember that George was in the world war. He married while gone and the family had not met his wife and little son Bill.

Mrs. Shelton returned home from Belton last Thursday. She got water bound in Cameron, and had to climb that twenty foot bridge to get across.

Sealey Lamkin, Mr. Burnett and Oscar Garner all of the Marlow community came down to Milano after groceries.

Last Tuesday evening Sid Hause and three men were trying to get one of his horses. He caught hold of the end of the rope, the horse ran, jerked him down and broke one bone in his right arm, cut him up some. We got Dr. Ladeil of Milano.

Mr. Oneal and son Elbert and Mr. Odie Nicholson were in Cameron Saturday.

B. A. Nicholson who went about three weeks ago to his father's below Cameron has returned home, and

thinks he has gotten well.

Thomas Batey and brother Lee were in Cameron Saturday looking after business.

Mr. and Mrs. Joe Ethridge of Hoyte spent Sunday with the E. J. Fisher family.

Mr. and Mrs. Sam Nicholson, Jr. of Sour Lake, brought their children and came in their car to spend a while with their parents Mr. and Mrs. Sam Nicholson.

Messrs. Frank Fasel, Maek, Victor Wimberly, traded in Milano Saturday.

John T. Hause of Curry came as far as the river bridge Sunday and then walked on to his father's Sid Hause's to see just how bad he was after getting his arm broken.

Miss Grace McMurry came in to her sisters, Mrs. Edwin Hargroves. Miss Grace had been near Rockdale with relatives.

Mrs. Sterling Childress of Bell

county came to see her new sister Mrs. G. W. Batey of Key West who is with Mr. and Mrs. G. W. Batey Sr. Mrs. Childress secured the Prospect school for the coming year. She returned Sunday evening.

WONDERFUL GAIN IN WEIGHT REPORTED

Young Woman Only Weighed 76 Pounds—Now Weighs Over 100 And is Gaining Every Day.

"Before I began taking Tanlac I only weighed 76 pounds, I now weigh over one hundred and am gaining every day," said Miss LaRue Davis, of Chattanooga, Tenn.

"I bought my first bottle of Tanlac at Gas City, Ind., and it helped me so much that I continued using it. I have always been very delicate and suffered a great deal from stomach trouble and rheumatism. I rarely ever had any appetite and simply could not relish anything. I fell off until I only weighed 76 pounds and was so thin I looked perfectly awful. This is the condition I was in when I began taking Tanlac.

"Oh, I feel so different now. Even my complexion is improved. My appetite is good and I can hardly get enough to eat. Tanlac is simply grand and I can truthfully say it is the only medicine that has ever done me any good."

"Tanlac is sold in Cameron by New Cameron Drug Co., in Rockdale by Baldrige Bros., in Milano by E. C. Smith and in Burlington by the New Drug Store. adv

Colds Cause Grip and Influenza

LAXATIVE BROMO QUININE Tablets remove cause. There is only one "Bromo Quinine. E. W. GROVE'S" signature on box. 30c.

To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues.

A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough.

Both remedies are packed in one carton and the cost of the combined treatment is 35c.

Just ask your druggist for HAYES' HEALING HONEY.

NOTICE

This is to announce to the public that I have opened the 1921 season for Weighing Cotton and will appreciate the patronage of the farmers and cotton men. I am weighing cotton at the Slocomb Cotton Yard.

Precinct 2 Public Weigher

Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best is to enjoy an inside bath each morning food into the stomach. Girls and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks. A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do. Women who desire to enhance the beauty of their complexion should just try this for a week and notice results.

Will opportunity find you PREPARED?

Have you been doing all you can to place yourself in a position that will permit you to take advantage of the opportunities that today surround you on every hand?

If you have not—stir yourself—look about, analyze the prominent successful men of your acquaintance, you will find their success developed through the careful saving and spending of their money.

Real opportunity comes only to the man who has persistently saved. We solicit your account.

PERSONAL INSTRUCTION

Quick, thorough preparation in those most necessary aids to business success:

Bookkeeping and Stenography

Opportunities for securing high salaried positions are practically unlimited. The State Departments at Austin need Bookkeepers and Secretaries. The United States Civil Service Commission is constantly advertising for office help. Banks and Commercial Houses are looking for well prepared young men and young women. We assist our graduates to secure positions. Write for catalog and information.

Nixon-Clay Commercial College
AUSTIN, TEXAS

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely. Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites. In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

Small size 50 cents bottle. Large size \$1.00. JAMES F. BALLARD, Prop. St. Louis, Mo.

Bodies of San Gabriel Planters Recovered From Bottom Lands

(Rockdale Reporter.)

All doubt of the death of Bailey Turner was removed Thursday afternoon when a body, unquestionably his remains, was found on the Simms ranch, about 200 yards north of the second concrete dip on the Tracy road west of the Holtzclaw bridge.

The remains were in a slough that was full of running water until today. The body was entirely buried in the mud, and was found by Tom and Bud Nelson who were attracted to the spot by a swarm of green flies. The fact that the body was so buried was favorable to recognition. In one pocket was found Turner's pocketbook with papers which would unquestionably supply his identity. However, the body was otherwise identified by hair, scars, etc. Ed Green, L. C. Wilson, L. E. Wyatt, Gip Matthews, Bud Randle and other members of the Rockdale searchers were nearby and took charge of the remains, which were brought to town and turned over to the Henne & Meyers undertaking firm.

Sullivan's Body Found.

Rockdale, Texas, Sept. 16.—The body of Charles Hewitt Sullivan was found and recovered at a late hour this afternoon by Ottie Alford, a member of the Rockdale searching party, which has been at work ever since last Monday and the only party in the county organized regularly and prosecuting systematic search for the dead. The body of Sullivan was found close by the house on the plantation. Sullivan's home was in Anderson, S. C.

Relative to the loss of lives of Bailey Turner and H. C. Sullivan, Ed A. Green says that Turner came to his sawmill camp Friday afternoon, bringing his weeding hoe and sharpening same with Green's file. Turner stated at the time that he was going back to his place and kill weeds, and that Sullivan was there. He also stated that he was coming to town next day with a load of seed cotton, and told one of Green's hands that he could ride to town with him. The flood came on during the night, and before daylight Green heard shouts and shots coming from the Turner place. Green is therefore positive that Turner and Sullivan were both at home and were lost when their house was swept away. Mr. Green has been one of the most indefatigable workers among the searchers for their bodies.

Mrs. Slaughter of Ben Arnold spent a few days in Cameron last week with her son Mr. Slaughter and daughter Mrs. Harvey Gandy.

A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value. ARCHITECTS PLANS FOR SCHOOL BOUGHT

(Rockdale Reporter.)

Mr. C. H. Page, of the firm of Page & Bro., Austin, architects, employed by the School Board to draw plans and specifications for the new Rockdale school buildings, was here last Thursday.

A joint session of the City Council and School Board was held, and the plans duly presented and accepted, and Mr. Page was instructed to proceed at once to advertise for bids for the construction of the buildings.

According to the Rockdale city charter the City Council is really entrusted with the responsibility of doing this building, but the council has voluntarily asked the School Board to go ahead with the work, promising approval of all contracts the Board desires to make.

Mr. Page stated to The Reporter man that he hoped to have dirt moving on the new High School building by the middle of October.

The School Board has purchased the Bob Williams place formerly the home of Supt. Green, and has also bought from Mrs. J. A. Phillips a portion of her property on the school block, as well as a strip of land in the rear of the C. K. Stribling place all the way down to the branch. They bought this latter property so that a full width street could be opened all the way to the school block. This will then be an extension of Ackerman street, and will lead from the school building directly east to the R. C. Wallis home on Rice Avenue, opening up a beautiful full-width street and affording not only another route by which to reach the school building, but also affording a full view of the handsome new school building from town. The new building will face east, and will be placed in the center of the block, facing the new street. This will leave the old building standing as it now is and work on the new building may proceed without disturbing the school work of the present term. The City Council has agreed to open up and improve this street in accordance with the School Board's

plans.

A piece of news that will be of great interest to our colored population is that they will also get a new school building, a modern brick house of ample proportions and great beauty. The Reporter will present pictures of both buildings in the near future.

Aged Woman Found In Tree is Identified as Grandma Bonner

The body of the aged woman found near the Green sawmill in the Gabriel river bottom Tuesday was identified as that of Grandma Bonner, aged 85 years, says a telephone message to The Cameron Herald from John E. Cooke, editor of The Reporter at Rockdale.

The body when found is said to have been strapped to a tree with a blanket.

Grandma Bonner resided at Green's sawmill community near Rockdale. It is believed that some member of the family tied the aged woman to the tree in a last effort to save her life and was then swept away by the current.

NO STORM DAMAGE IN THE BAILEYVILLE COMMUNITY

Little or no storm damage resulted from the heavy rains in the Baileyville country, according to G. W. Hairgrove residing within about two miles of the Brazos River. He said that back water from Little River created a four foot rise in the Brazos for a distance of 20 miles.

Crops are not damaged around Baileyville as around Cameron and in other sections of the county. Mr. Hairgrove says that the majority of farmers have harvested their grain crops. Owing the leaf and other pests he says chance are small for a fall crop of cotton.

A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

Gravel Haulers

Wanted at Marlin

I am in receipt of the following notice from Cook & Arlington, road contractors now building roads near Marlin, Falls County, Texas.

"Wanted by Sept. 21, 1921.

"200 wide tire wagons to haul gravel. Average 40 and extreme haul 53 quarters. If you want to haul, be here by above date.

"Cook & Arlington,
"Marlin, Texas."

I am not informed as to the price being paid by this firm for this work, hence would suggest that you communicate with them or their foreman at Marlin, Texas, before going there to haul.

GILES L. AVRIETT.

DR. THOS. J. DENSON CALLS FOR RIGID SANITATION FOLLOW- ING FLOOD.

Measures of precaution against the possible spread of disease in the county from unsanitary conditions resulting from the floods of last week have been taken by County Health Officer Dr. Thos. J. Denson.

Suggestions for measures to be taken to avoid spread of disease are contained in a bulletin issue to the people of Milam County by Dr. Denson Thursday. The conditions obtaining in certain sections of the county suggest the wisdom of rigid sanitation at this time. Dr. Denson has acted wisely in thus safe-guarding the health of the county.

Mother and Son Drown In Alligator Creek Saturday

In a message to The Cameron Herald Tuesday night Fred M. Herndon, editor of the Thorndale Champion, tells of the death of Mrs. M. L. Brown and son, Lee Brown, in the flood waters of Alligator creek Friday night. They resided at Redfield's gin, Lee Brown being engaged in running the gin. Mrs. Lee Brown was saved from the flood.

Mr. Herndon says that the damage to property and the loss of life in the

country around Thorndale cannot be estimated at this time, but will be very heavy. There was only slight damage in the city of Thorndale.

Forty-five bodies were recovered in the streams about Thorndale.

The report says that the big steel bridge across the San Gabriel river on the Thorndale road has been washed away as has the Sheekles bridge on the Gabriel on the road to Rockdale.

Ely Cass of San Gabriel is reported from Thorndale as having been drowned. A negro whose name is unknown is reported drowned.

Miss Mary McCown left Tuesday for Brownwood to enter Daniel Baker college. She will graduate there this year.

I took out my first policy as a youth of nineteen.—President Harding. S. E. Brogren, Life Insurance at the Herald office.

WAMBA COFFEE

ONE BRAND- ONE QUALITY- One Size Package

All our skill, facilities, and lifelong knowledge of the finest tobaccos are concentrated on this one cigarette—CAMEL.

Into this ONE BRAND, we put the utmost quality. Nothing is too good for Camels. They are as good as it's possible to make a cigarette.

Camel QUALITY is always maintained at the same high, exclusive standard. You can always depend on the same mellow-mild refreshing smoothness—the taste and rich flavor of choicest tobaccos—and entire freedom from cigarette aftertaste.

And remember this! Camels come in one size package only—20 cigarettes—just the right size to make the greatest saving in production and packing. This saving goes straight into Camel Quality. That's one reason why you can get Camel Quality at so moderate a price.

Here's another. We put no useless frills on the Camel package. No "extra wrappers!" Nothing just for show!

Such things do not improve the smoke any more than premiums or coupons. And their added cost must go onto the price or come out of the quality.

One thing, and only one, is responsible for Camels great and growing popularity—that is CAMEL QUALITY.

Green Sawmill Camp In San Gabriel Bottom Scene of Many Thrills

(Rockdale Reporter.)

One of the most thrilling experiences and narrow escapes from death recorded in the floods of the past week is that of "Comrade" Ed A. Green and the two sons and one daughter of Mrs. Minton Arledge, all of whom were caught at the Green sawmill camp in the San Gabriel river bottom below Sheekles bridge. A saddening feature of their experience is found in the death of the grandmother of the children, Mrs. Bonner, who at the advanced age of 85 years was forced to endure the sickening hardships incident to spending a night in a tree, wet to the skin and so weakened by exposure and fright that it was necessary to bind her to a tree, and who finally succumbed and dropped into the raging torrent, to be swept away.

Mr. Green in relating his experiences says that they were not anticipating any high water, and that the water was two or three feet deep when they discovered it about 2 o'clock Friday night. The rise came so rapidly that there was no chance to get out, and it was only an hour or two until they were forced to climb to the roof of the house. About 3.30 a. m. the water reached its crest and they felt the house begin to give way. A large white oak tree extended a convenient branch over the shack, and they all climbed into its branches. Just as he lifted the old lady up to one of her grandsons the house floated off, whereupon he grabbed the limb and pulled himself into the tree. The old lady was very weak and shaky, and all were wet to the skin and chilled through. They fixed the grandmother as comfortably as possible, bound her to the tree and wrapped her in a blanket. The house floated off about 60 or 70 feet and lodged against some trees. After daylight dawned Saturday the waters fell and the house seemed to settle on the ground, and in settling the current was so divided as to make swimming possible, so Mr. Green and the young people swam to the house where a more comfortable perch was had on its roof. During Saturday, however, another rise came and the house again became dangerous, so they again took to the trees. Mr. Green swam back and forth to the old lady a number of times, trying to make her more comfortable and cheer her up, but he observed that she was getting much weaker and he bound her to the tree with a blanket. Night again came on, and some time during the night the grandmother became delirious, untied herself from the tree, and exclaiming "I am gone," allowed herself to drop into the dark waters. The balance of the party spent their time alternately on the roof and in the trees. Mr. Green climbed to the top of the big white oak Saturday morning and attempted to signal for help, but could see no help from any direction.

Sunday morning about 9:00 o'clock Buck Hillin and another man came to the Green camp in a small boat. They could only carry two passengers so they took the girl and one of the boys, coming back later for Mr. Green and the other boy. Green says that the relaxation from the nervous strain and sleepless hours was so great that both he and the boy lay down on the roof of the shack, which was two or three inches deep in slimy mud, and went sound to sleep, sleeping until Hillin came back. During their thirty-six hour vigil in the trees the

party had nothing to eat except a 5-lb. can of sugar, and nothing to drink except the muddy river water.

Hillin carried the rescued party to high ground on the other side of the river and went on looking for others who might be similarly marooned. Two or three hours later a Rockdale rescue party composed of Gene Marshall, Charley See, Martin Whiteley, Henry Seelke and Harry Moody, in two boats, showed up, and brought the Green party across the river, landing them on the hill this side of the Holtzclaw bridge.

The young folks were named Matcek, the girl's first name being Virginia, and Mr. Green says this girl showed unusual grit and vitality. She kept her brothers awake throughout the long hours of the night, frequently slapping and pinching them into wakefulness when to fall asleep meant death.

Mr. Green is none the worse for his experience and has since been leading the rescue workers from Rockdale.

ARE YOU READY FOR BUSINESS?

There is no doubt but that the greatest opportunities for young people today are in the business world. Countless positions at every point throughout the United States, are waiting for the trained man and the trained woman. But remember, the demand is for trained workers, the untrained workers, those who can do "most anything" are crowding the employment bureaus seeking work.

There is a position waiting for you. Are you ready for it? Can you enter a business office knowing that you can handle a bookkeeper's desk, do the work of a stenographer or private secretary, or hold any one of the specialized places open in the modern business office? The big salaries are waiting for the man or woman who can Do One Thing Well. Training is required. Have you been drilled in the basic principles of business that will enable you to grasp higher-salaried and more responsible positions as the opportunities arise? Unless

you know these things, the chances of your success are small.

Make up your mind to train yourself, to start your business education NOW. Every day that slips by is a loss to you—it puts a good position and a good salary further away from you.

A few months in our institution, the largest business college in America, will give you the training you need. You can never find a better investment than a business education. We offer the most thorough, complete and practical courses to be had, in the least time and at the least cost, and our employment department places graduates in positions free of charge. Fill in and mail coupon for catalogue with full information as to our courses.

WHERE WASHINGTON WORSHIPED

HISTORY shows that the plot of ground on which stands Christ church, in the quaint, old-fashioned town of Alexandria, Virginia, first settled about 1695, was acquired in 1794 for the sum of one penny.

Around this sacred relic of by-gone days perhaps revolves more patriotic sentiment than that which surrounds any other of the many old and historic churches in this nation. An iron fence, set upon an ancient brick wall, encloses a grassy plot which is dotted with many quaint grave stones and also contains the church itself.

Although certain interior changes and renewals necessarily have been made, the general appearance of the church is practically the same as in the days of old. The same chancel rail, communion table, reading desk and chairs and brass candle holders are in use, while among the relics in the vestry may be seen the first bible used—made in Scotland in 1773, and the long-handled purses in which the offerings of the parishioners were deposited.

It was to this church, both before and after the revolution as well as after retiring from the presidency, that General George Washington came from Mount Vernon, in his "coach and four", to worship. The pew occupied by the Washington family, as well as the one used by General Robert E. Lee, are maintained in exactly the same condition as when used by them.

For Torpil Liver

"Black-Draught is, in my opinion, the best liver medicine on the market," states Mrs. R. H. White-side, of Keota, Okla. She continues: "I had a pain in my chest after eating—tight, uncomfortable feeling—and this was very disagreeable and brought on headache. I was constipated and knew it was indigestion and inactive liver. I began the use of Black-Draught, night and morning, and it sure is splendid and certainly gives relief."

Thedford's BLACK- DRAUGHT

For over seventy years this purely vegetable preparation has been found beneficial by thousands of persons suffering from effects of a torpid, or slow-acting liver. Indigestion, biliousness, colic, coated tongue, dizziness, constipation, bitter taste, sleeplessness, lack of energy, pain in back, puffiness under the eyes—any or all of these symptoms often indicate that there is something the matter with your liver. You can't be too careful about the medicine you take. Be sure that the name, "Thedford's Black-Draught," is on the package. At all druggists.

Accept Only
the Genuine.

You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite
Recipe of Sage Tea and
Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is intended for the cure, mitigation or prevention of disease.

NOTICE to Everybody

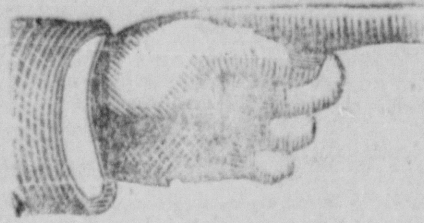

I have lost quite a number of cattle and mules and several head of horses in the recent overflows. Most of my cattle are branded a big O or circle around the hip bone and are nearly all red mules or white face cattle. My calves under seven months old are not branded. Nearly all my mules are branded the figure 7 on left jaw but some are branded two straight marks or the figure 11. The mules are all good ones.

Also one small white grey pony, branded on jaw and one small Jennette, very gentle. The last two animals belong to my little grandson and I am very anxious to get them.

Any information about this stock will be greatly appreciated.

Respectfully,

R. L. BATTE

THE REASON

Owing to the fact of our unusual heavy buying and the lateness of the season together with the fact that we have made the heaviest fall purchases in the history of our business we have decided to unload

Right in the heart of the season when you can appreciate the goods and the savings most. Remember that this firm buys thousands of dollars worth of merchandise at one shot. We are always prepared to give you better values and as good or better service than any firm in Milam county. Our stock is complete and never before have you had the opportunity to witness such a magnificent and gigantic proposition. Let us impress upon your mind that it will pay you to visit our store before you buy anywhere.

It is impossible to give a description of all prices. You may have heard, seen and read about sales, but you have never had a better opportunity to witness a real value giving sale and where all the goods are marked in plain figures. With everything arranged to make your shopping pleasant. All goods are marked in plain figures, you can see exactly what you want and buy the best merchandise money will buy. Nothing has been left undone to make this the biggest sale of the season, the biggest bargain saving for you, and altogether the greatest sale ever held here in years by us.
